# BIG OPPORTUNITY FOR DEVELOPMENT OF PORT BUSINESS

**Pinneo Deals With Industrial Possibilities in Comprehensive Report; Cold Storage Facilities, Improved Marketing and Co-ordination of Effort Would Lead to Tremendous Trade Volume**

The most comprehensive survey of industrial opportunities at Victoria, as the gateway to Vancouver Island with its enormous wealth of natural resources ripe for development, is contained in the report of Roger D. Pinneo to the City Council, submitted before Mr. Pinneo vacated the post of industrial adviser to the city, held since last fall.

The report points out a number of channels through which Island co-operation with Victoria can be made to bring about the awakening of an era of industrial expansion here undreamed of when the survey was at first undertaken. Of the many projects studied, and the exact figures relative to which are on file at the City Hall, Mr. Pinneo sees in the development of cold storage facilities here the flux that will mean many lines of Island production into profitable export industries with untold opportunities for expansion.

In lumber, fisheries, dairying and farming Vancouver Island has a wonderful future believes Mr. Pinneo, who points to the lack of study that has been given in the past to the co-ordination of effort for improving results.

As an open port the year around, and tributary to a territory with the mildest and most even climate in the North Pacific, Victoria is the logical export port for a very wide range of products, states the report, the text of which follows in part:

"My main object has been to try and develop each proposition to a point where the different committees could decide as to whether or no we should continue our investigations or whether the conditions were right for such an industry to be located in Victoria.

**WEST COAST FISHERIES**

"About the first suggestion made was by C. P. W. Schwenger, president of the Chamber of Commerce, to make a survey of conditions on the West Coast with the view of ascertaining as to business conditions, development and whether some of the business being done on the West Coast of the Island with other cities could not be diverted to Victoria, also to improve conditions and provide facilities for taking care of some of the products of the Island.

This trip was made and a report of conditions at the different points was made to the Industrial Committee, copy of which report is attached, which shows that there was great activity on the West Coast in producing herring oil to the extent of 2,000,000 gallons and over 10,000 tons of fish meal. All of this oil for 1926 was either delivered to Vancouver or Seattle where facilities are provided for its storage. After making this survey, I had an opportunity of talking with Sir Henry Thornton, of the Canadian National Railways, and after telling him about this business he was very enthusiastic regarding its development. With this information the Chamber of Commerce conserved the idea of requesting the Canadian National Railways to provide storage pilchard oil tanks on Ogden Point, which tanks, I understand, are to be erected within a very short time in order to take care of a portion of this season's output.

## VICTORIA GOOD FILM LOCATION

**Producers Contemplate Five-unit Production Plant if Backing Secured**

**Say British Empire Preference Law Creates Favored Opportunity Here**

"Victoria is the logical place for motion picture production within the British Empire, and can be made the Hollywood of the British film industry," Claude Flemming, who associated with William L. Sherritt is here investigating possibilities of taking advantage of the British preference legislation, to The Times to-day.

"Sound reasons devoid of sentiment founded our belief that we have discovered in this city an ideal location," he continued. "Within fifty hours of Hollywood, the clearing house of modern technical production methods, we have access here to a wealth of raw material suited to picture production. Mountains, lakes, forest, and ocean are all here within easy range; while the climate and scenery make a natural setting that could not be duplicated in any studio.

**EMPIRE PREFERENCE**

"An examination of the British Empire preference legislation will show the importance of building up British production with internationally known stars. Many of these, of British birth, are now engaged in Hollywood and are looking for an opportunity such would be here presented. Distributors would welcome the chance of showing these stars in productions that would comply in every respect with the law of an opportunity to protect and foster the British industry.

"I have felt for some time that where British production was weak in the world, the most modern technical aids, so highly developed in other countries where the centre of the industry has been located. Here we are within fifty hours of Hollywood where the technical side of the work has been developed to a high state of perfection," continued Mr. Flemming.

The recent legislation passed by the British House of Commons to put British films on a par with those of the United States, he said, was a great step.

(Concluded on page 2)

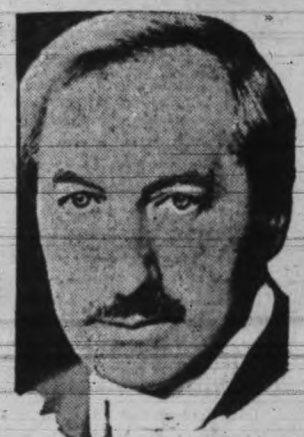

# HUGE COAST LUMBER MERGER NOW NEARING COMPLETION

Seattle, June 15.—Stanley Russell, vice-president of the National City Company of New York, is en route to Seattle and Portland, it was learned to-day, to consult with backers of the proposed merger of Northwest mills of Oregon, Washington and British Columbia.

Russell's impending visit is believed to mean that the merger plan, a subject of negotiations and conferences for more than two years, is approaching conclusion, and that the National City Company is interested in financial arrangements. The Seattle backers of the merger proposal declined to discuss recent developments, but acknowledged that Russell was expected here soon.

Unofficial reports are that several large lumber and logging firms last Friday voted their approval of the latest tentative merger plans, and that Russell's approval of the proposed financing programme is the next important step to be taken.

## MUST SERVE HIS PRISON SENTENCE; DR. F. A. COOK

New Orleans, June 15.—The United States court of appeals has reversed the decision of the United States district court of Northern Texas, which granted Dr. Frederick A. Cook, Arctic explorer, a five-year probation. Dr. Cook was sentenced to fourteen years imprisonment three years ago for dealing in spurious oil stocks.

## MANY RUMORS OF TERROR IN RUSSIA ARE NOW CURRENT

**Numerous Executions Are Reported; Moscow Leaders Deny Stories**

London, June 15.—Rumors of a new terror in Russia, with numerous summary executions, wholesale arrests, drastic military preparations, an impending declaration of martial law and crowds of foreigners fleeing from Moscow are current in London. They come from Warsaw, Riga and other centres which are notoriously given to spreading anti-soviet reports and whether they are based on facts could not be substantiated to-day from any substantial source.

It is said a strict censorship imposed upon all telegrams from Russia accounts for the inability to confirm the sensational stories which tell, among other things, of mass executions in many parts of the Union of Soviet Socialist Republics, including Vladivostok, the Caspian region, Moscow and Leningrad.

**POLICE HAVE FREE HAND**

The G.P.U. (Political Police) is represented as having been given a free hand, with the power of life or death over citizens, and as making liberal use of these powers, which use, it is declared, is in accordance with Soviet law.

**ARMY INCREASED**

The population of Moscow is described as panic-stricken, with reservists being called to the colors. According to a Warsaw dispatch to The London Daily Mail, the Ukraine army alone will be increased by many thousands. This report says boys and girls are being taught rifle shooting and that the workers are being compelled to devote their evenings to military training. The dispatch suggests these preparations are due to "an expected war with Poland."

(Concluded on page 2)

## Moon Eclipse Viewed by Many

Victorians who waited up until the midnight hour and afterwards got a clear and uninterrupted view of the eclipse of the moon last night.

The moon was high in the heavens at the time of the eclipse and the atmosphere was clear as the earth's shadow was seen to cut into the lower rim and gradually pass over the whole surface of the lunar body.

Astronomers and all the leading local astrologers remained up during the whole progress of the eclipse, studying and discussing the phenomena.

## JAPAN CRUISER IS LAUNCHED

Tokio, June 15.—The cruiser Nachi, the second 10,000-ton vessel provided for in the Japanese government's naval programme, was launched to-day at Kure.

## Scots in Australia To Visit Britain

Sydney, Australia, June 15.—Five hundred Australian Scots will leave for Great Britain in April next, to promote immigration and create interest in all phases of Australian life.

## WORLD DIRIGIBLE FLIGHT PLANNED

Dr. H. Eckner Announces Zeppelin Attempt Will be Made in 1928

Friedrichshafen, Germany, June 15.—A Zeppelin flight around the world is the next great promised aerial venture.

Dr. Hugo Eckner, director of the Zeppelin Company, announced to-day that it is hoped the Z-127, now under construction, will cross the Atlantic between Germany and the United States "several times" and will then some time in 1928 attempt the circumnavigation of the world.

The great journey, he estimates, will require 300 hours. It will necessitate the erection of two anchor masts, one in Asiatic Russia, near the Pacific Coast, and the other in the Western United States or Canada, to be used in addition to the Lakehurst, N.J., anchorage. Permission to use the facilities at Lakehurst, Dr. Eckner said, had already been obtained.

While complimenting Clarence Chamberlin and Charles Levine on their flight from New York to Germany, and welcoming it as intensifying public confidence in aerial navigation, Dr. Eckner still thinks airships are more practicable than aeroplanes for trans-oceanic commercial aviation.

## NEW CALIFORNIA AIR SERVICE SOON

Los Angeles, June 15.—Plans for a \$10,000,000 inter-city air passenger line operating tri-motored all-metal twelve-passenger planes, backed by San Francisco and Los Angeles business men, became known here to-day.

## RULES OF SPANISH ARMY ARE CHANGED

Government Announces That Spaniards Resident in Canada Freed From Service

Madrid, Spain, June 15.—The Spanish cabinet has decided Spaniards resident in Canada and the United States shall enjoy the same benefits in the matter of military service as have been accorded to those resident in Spanish America and the Philippines.

The action of the Spanish Government probably refers to a decree issued in March last year exempting Spanish residents in Latin America and the Philippines from active military service under certain conditions.

## CHIEF OF POLICE WAS COUNTERFEITER

Cracow, Poland, June 15.—Stanislas Scherz, chief of the political police here, was a good policeman during his hours on duty, but at other times federal secret service men have discovered he was an excellent counterfeiter.

Bogus bills have been floating about for more than a year and Schwarz was charged with running down the gang making them in this district. He did not catch the gang, but eventually government police took over the case and, they declared, they found the police-chief was head of the counterfeiters.

(Concluded on page 2)

# DEAL FOR P.G.E. ADVANCES AS EXPERTS RETURN

**They Will Come to Victoria For Conference on Legal and Financial Aspects**

**Negotiations With Alberta For E.D. & B.C. to be Carried on Separately**

Representatives of New York financial interests which have been making a survey of the Pacific Great Eastern with a view to buying it under a land grant, are expected to return to Vancouver to-day prepared to compile their preliminary report on the general physical aspects of the road and the territory it serves. Hon. W. H. Sutherland, Minister of Railways, said to-day.

It is expected that they will come to Victoria within the next couple of days to go into the legal and financial aspects, Dr. Sutherland said.

Nothing is known here of any meeting in Vancouver between B.C. Government and Alberta Government officials to discuss the whole proposal, he added. Hon. E. V. Smith, Minister of Railways for Alberta, had been invited to attend a Vancouver meeting this week, but he could not come. Instead, the financial representatives will go to Edmonton to discuss with the Alberta Government there the question of the Edmonton, Dunvegan and British Columbia Railway, which may be taken over to be linked up with the P.G.E. This Edmonton meeting will correspond to the financial and legal conference here, so that each government will be acting separately.

"I don't think the men who have been looking over the P.G.E. will make any proposition for a deal," Dr. Sutherland said. "They are technical and financial experts and are really scouts. They will go back and report to their principals, and tell them what they found here and what the outlook is."

## ROUGH RIDERS' CONTEST

Sydney, Australia, June 15.—Allan McPhee, Australian champion rough rider, is to go to Canada to contest the world championship at the Calgary Stampede in July.

## LABORITE IS BARRED FROM BRITISH HOUSE

**G. Buchanan Refuses to Accept Statement no British Spies in Russia**

London, June 15.—George Buchanan, Labor M.P., was ordered by the Speaker to leave the House of Commons to-day for refusing to withdraw his exclamation, "What a lie!" made in the course of an address by George Lockhart Lumsden, Under-secretary for Foreign Affairs.

The scene occurred when the remark was hurled across the floor after Mr. Buchanan, in reply to a question whether the British mission in Russia had employed any spies, said: "Certainly not."

Loud cries of "Withdraw" came from the Government benches and the Speaker ordered Buchanan to withdraw his remark. Buchanan refused.

The House, which was the House, which he did immediately.

## VALERA MEN ARE TO TAKE SEATS IN DAIL

**Want Irish Free State Constitution Changed; K. O'Higgins Makes Statement**

Dublin, June 15.—Eamonn de Valera, organizer and head of the Fianna Fail, a wing of the Republican Party, is expected to win the outcome of the Dail Eireann general election of last Thursday.

In a statement, he says the Government Party has suffered a signal defeat and adds:

"It is evident that if a referendum had been held instead of an election and the single issue of the oath of allegiance had been put before the people, the infamous penal legislation embodying the oath would have been repudiated by an indignant nation."

The Republican leader, announcing the successful candidates of his party would take their seats in the new Dail, declared:

"The people will not tolerate their being barred by the imposition of this penal oath. We are ready."

**STATEMENT BY O'HIGGINS**

Kevin O'Higgins, Vice-president of the Free State Cabinet, on the other hand, asserted the electorate by a two-to-one majority for the third time in three years, had showed its allegiance to the treaty with Great Britain creating the Free State and to the constitution. But he was not pleased that the Government party had lost nine of ten seats and that the anti-treaty parties were likely to hold fifty as against forty-six at the time of dissolution. This was due, he emphasized, to the challenge of sectional interests and ambitious individuals who, in their eagerness to regain seats, had gone the limit to defame the Government.

(Concluded on page 2)

# URGES QUALITY, NOT QUANTITY, IN IMMIGRATION

SIR WILLIAM MULOCK  
Chief Justice of Ontario

Toronto, June 15.—Sir William Mulock, Chief Justice of Ontario and chancellor of the University of Toronto, does not share the longing of some people for increased immigration in Canada.

"I don't think our friends to the south have been vastly enriched by their increased population. A large portion of their population might now be called a source of weakness," he said here last night, speaking as chairman of a banquet tendered to the Canadian Medical Association.

He declared Canada should admit none that are not of "good foundation stock." In his opinion an empty house was better than a bad tenant.

## GENEVA DELEGATES MOVING TO PREVENT FIGHTING IN EUROPE

**Statesmen at League Council Sessions Say Menace Ought to be Ended**

Geneva, June 15.—Statesmen attending the League of Nations Council meeting here are reported increasingly convinced that the time has imperatively arrived to take preventive steps to avoid an outbreak of war in Europe.

Fears of such an eventuality are mainly inspired by the reported attitude of Soviet Russia following the breaking of diplomatic relations by Great Britain and the assassination of P. Voloff, Soviet Minister to Poland. In Southern Europe another situation presents itself through the breaking of relations between Yugoslavia and Albania.

**WARNING TO SOVIET**

The Associated Press learns Germany has virtually been brought over to the camp of those powers who favor warning Russia against continuance of her alleged propaganda abroad and terrorism at home.

If this warning is delivered jointly by the powers, which is a possibility, it will not be worded as a menace to the Soviet system, but will be drafted from the viewpoint that Europe can not risk another war and that the powers are united in the sense that any aggressor is the enemy of all.

**CONFERENCE PLAN**

Report of a possible international conference to consider the Russian problem, with Soviet delegates invited to attend, are unconfirmed, but a German spokesman said this morning that another meeting of the Locarno Treaty powers between now and the September session of the League Assembly was within the range of probability provided to-day's meeting of the foreign ministers, their second, did not attain a complete agreement. The object of this special meeting would be another and more general review of the European political situation.

(Concluded on page 2)

## ASTURUS WINS RACE AT ASCOT

Ascot, Eng., June 15.—L. M. Boussea's Asturus won the Royal Hunt Cup, one of the features on to-day's card of Royal Ascot Week.

B. B. Jock's Priory Park was second and Reid Walker's Deltus third in the field of twenty-nine.

Asturus, by Teddy out of Astrella, won by a neck and the same distance separated the second and third horses. The betting was: Asturus 10 to 1, Priory Park 22 to 1 and Deltus 9 to 2.

Asturus's victory gave the French racing contingent their first success during the present Ascot meet.

## Explosion Destroys Fishing Vessel

Prince Rupert, June 15.—The United States fishing boat "Walsh" while at Keelikan blew up while taking on oil and is reported to be a total loss. There was no loss of life.

# PRAIRIE POLICE CLOSING IN ON "GORILLA MAN"

**Peace Officers in All Towns on Canadian Plains and Special Patrols Along Canadian-U.S. Border Search for Man Who Killed Woman and Girl in Winnipeg and Score of Women in United States Cities; Manitoba Police, Believing He Has Just Doubled Back to That Province, Hope to Capture Him**

## SEED GROWERS RE-ELECT HEAD

**Convention Unanimously Tenders Second Year of Office to Major Strange**

Winnipeg, June 15.—Hemmed in by a cordon of police and immigration officers of two nations, the "Gorilla Man," or imbecile stranger, is believed to have doubled on his tracks to Manitoba after a brief retreat to Regina, Sask. While the intensive search for the man is being continued unabated in Saskatchewan, Alberta and the border states, Manitoba police are making exhaustive preparations to extend the manhunt to every corner of this province.

The police are searching for the man to bring him to trial for having choked to death a woman and a girl in Winnipeg and twenty women in a score of cities in the United States.

Working on the theory that the man has found himself in a network of investigators and may seek concealment in a sparsely settled area in any of the three prairie provinces with a view of escaping across the border, special patrols have been organized to guard the international line at intervals of about fifty miles.

The discovery to-day a mile west of Austin, Minn., of a man's blue overalls, small butcher knife, a girl's necklace and a comb, was believed to be the man's belongings.

(Concluded on page 2)

## BAIL SOUGHT FOR ADVERTISING MAN

**Angus Nicholson Will Appeal Sentence on Manslaughter Charge**

Application for bail in the sum of \$10,000 in two sureties for Angus Nicholson, sentenced to serve four years in New Westminster penitentiary for manslaughter in connection with the death of Marshall Douglas in Vancouver, April 5, has been adjourned until June 25.

Gordon S. Wismer, on behalf of the thirty-six-year-old advertising salesman, has filed notice of appeal on seventeen points and the case will probably be argued before the B.C. Court of Appeal in Vancouver next fall.

Among the points offered in the appeal are refusal to grant an adjournment, misdirection of the jury and an attack on the jury panel.

C. H. O'Halloran filed the bail application before Chief Justice Macdonald of the Appeal Court yesterday and it was stood over pending the return from Ottawa of A. M. Johnson, K.C., Crown counsel.

## GERMAN CITY GREET TWO U.S. AVIATORS

**Chamberlin and Levine Are Cheered by Thousands at Friedrichshafen**

Friedrichshafen, Germany, June 15.—Motoring from Baden-Baden to Karlsruhe, the United States New York-Germany aviators, Clarence D. Chamberlin and Charles Levine, made the trip to Friedrichshafen this morning in a German passenger plane, arriving at 9.15 o'clock.

They found the city gaily decorated and were cheered by thousands of enthusiastic spectators as they alighted at the Imperial aerodrome.

## Perri to Face Charge of Perjury

Toronto, June 15.—Rocco Perri of Hamilton, Ontario, and his wife, sought for three weeks on a charge of perjury in connection with their evidence before the Customs Commission, to-day surrendered to the police here in the office of Assistant Crown Attorney Edward Murphy. They were accompanied from Hamilton by their counsel, W. J. O'Reilly.

## Rail Land Inquiry Opening Date Set

The Royal Commission to investigate British Columbia's claims for the return to provincial control of the railway grant lands in the Province will open its sessions in the members' room in the Parliament Building on June 21, it was announced to-day by Hon. A. M. Macdonald, Attorney-General.

To represent the Dominion, the Hon. Lucien Brien, Solicitor-General of Canada, will arrive in Victoria on June 20 or 21.

C. W. Craig will appear under the Attorney-General's representation of British Columbia.

## MANY YOUTHS IN U.S. JOIN FLYING CORPS

Washington, June 15.—How the imagination of the youth of the United States has been gripped by the glamor of transatlantic flying is reflected in application for service with the army air corps. During the last few weeks candidates for flying honors have more than doubled the usual quota at the recruiting stations and inquiries about the service have swamped information officers at the War Department.

This condition has followed the Lindbergh and Chamberlin-Levine flights.

## ALBANIAN MINISTER LEAVES JUGOSLAVIA

**Breach in Relations Between Two Balkan Countries Now Complete**

Belgrade, June 15.—Trenia Bey, Albanian Minister to Yugoslavia, requested and received his passports and, with his legation staff, is leaving the country to-day.

This completes the severance of diplomatic relations between Yugoslavia and Albania, which was begun with the withdrawal of the Yugoslavian Legation from Tirana June 4. The troubles arose through the arrest of an employee of the Yugoslavian Legation on a charge of espionage.

Albania outlined its side of the controversy in a communication to the League of Nations, with the request that it be forwarded to the members of the League Council. Geneva dispatches at the time said this might mean the dispute would be brought up at the present session of the Council.

## WOMEN URGE END OF WARS

Geneva, June 15.—Acceptance of obligatory arbitration by all governments was recommended here to-day by the International Council of Women, which urged the League of Nations to frame a general conciliation treaty, open to all states.

The council also adopted a resolution that at its next session the Assembly of the League declare wars of aggression international crimes, and adopt a treaty for the prohibition of aggressive wars.

## Three Victorians Graduate From Kingston College

Kingston, Ont., June 15.—Junior Under Officer B. Marchbank of Toronto heads the graduating class, of the Royal Military College, according to the results for the year announced to-day. In all, thirty-three cadets graduated and will receive their diplomas next Monday.

The graduating class includes: A. F. Fell, Victoria; R. M. Elliott, Vancouver; E. B. Rolph, Westholme, B.C.; V. E. Odium, Vancouver; C. M. Strathby, Vancouver; A. Wolfe Morton, Vancouver; J. M. McKay, Vancouver; F. J. Pollard, Victoria, and J. O. Hodgson, Victoria.

## LINDBERGH SAYS U.S. NEEDS PLANES

Transatlantic Airman Urges Republic to Increase Its Military Air Forces

New York, June 15.—Colonel Charles A. Lindbergh rode through crowded cheering streets here again today to appear as guest of honor at a luncheon of the Merchants Association and the New York State Chamber of Commerce, where he advocated a large increase in the air force of the United States.

He said he did not believe aeroplanes would ever take the place of either the army or the navy, but asserted each of those forces must be adequately protected by aeroplanes.

VICTORIA GOOD FILM LOCATION

(Continued from page 1)

ish production on its feet provides, said William L. Sherrill, that pictures must be produced on British territory and approved by the Board of Trade, London. England. Seventy-five per cent of the cost of production, further, must be paid to British subjects.

Authors, continuity writers and other classes of those engaged must be British subjects. Distributors and theatres must exhibit British films to a proportion of seven and half per cent in 1928, rising to twenty-five per cent in three years time. British capital must also predominate in the enterprise, it was stated.

It was a coincidence, continued Mr. Sherrill, that while he was considering the project of starting production under British auspices in Canada that he should meet Mr. Flemming, who had come from Australia to Hollywood with the express object of studying technical developments there before proceeding to London with the object of interesting British capital in a similar plan.

Victoria was selected in the first instance as being closest to Hollywood, and therefore more likely to secure the necessary acting material among British subjects there, while at the same time keeping in touch with modern production methods. On arrival here Sherrill conducted an independent investigation into the suitability of Victoria for screen purposes, and was delighted by what he found.

"You have the mountains, lakes, forests and ocean factors that cannot be produced in a studio. The flowers and shrubbery, boulevards, parks, artistic homes and clean streets made a distinct appeal to us. You have no excessive heat and no zero temperatures. Weather we are not worried about, as most of lighting conditions are artistically produced, but your climatic conditions are ideal," continued Mr. Flemming.

After further investigations here Mr. Flemming intends leaving for England, where he will lay his plans before British distributors, to secure the necessary backing and co-operation without which picture production would be unprofitable. Mr. Sherrill is associated in the venture as an expert technician and producer.

Claude Flemming is a well-known actor-manager with British and United States experience. On the legitimate stage he played leading parts under Sir Herbert Tree as well as in grand opera, playing to audiences at Her Majesty's Theatre, Covent Garden, the Winter Garden, Casino and other New York theatres.

In Australia, from whence he has just come, he was leading man and producer for J. C. Williamson Limited, and supervisor for Hugh D. McIntosh in a chain of theatres at Sydney, Melbourne, Adelaide and throughout Australia. He has appeared in and produced pictures in England, Australia and the United States.

"I think the reason why early British pictures were not a success was because the technique was not right. The only way to learn is to study what is being done elsewhere, and I am firmly convinced that with proper technical assistance British films can capture and hold a leading part in the industry," states Mr. Flemming.

William L. Sherrill was one of the early members of the National Association of Motion Picture producers and was vice-president of that body for four years. He has been identified with the industry in the United States since 1912, and was the first man to pay \$10,000 for the adaptation of a popular story for screen purposes, he told The Times today.

For the last year and a half he was production head for films made by George Walsh for the Chadwick Pictures Corporation, Hollywood, and also

**strains sprains**  
stop the pain—keep affected part limber

**Absorbine Jr.**  
THE ANTISEPTIC LINIMENT  
At all Drugists 1/25

for the come-back picture of Theda Bara. He has produced or held under contract for production films with such stars as Larry Semon, Lillian Gish, and Charles Ray, the latter in "Some Pumpkins." He has just completed production in "Flying to the Moon," the new picture featuring Leslie B. Arnold, round the world flier, which is an airtight production dealing with aviation recently completed in Hollywood and awaiting early release. C. Aubrey Smith and Arnold Daly were other stars produced in films for Augustus Thomas and Alfred Sutro.

The present plans, if brought to a successful issue, call for the erection in Victoria within the next three months, of a one unit production plant, to increase to a full five-unit industry within the next two years if possible. This would mean an expenditure of between \$400,000 and \$600,000 which by the terms of the British act would be disbursed to British subjects.

The motion picture industry would have as its first result the influx of settlement, and they, in appreciation of values that have followed similar enterprises in other places, states Mr. Sherrill. "Trade follows the film," continued Mr. Sherrill, who has spent twenty-five years in the production end of the industry, and regards Victoria as one of the most favorable locations he has seen in that time.

## CANADIAN APPEALS LISTED IN LONDON

Nova Scotia Legislative Council Ruling to be Given By Privy Council

London, June 15 (Canadian Press Cable)—Six Canadian appeals are on the list for the June sitting of the Judicial Committee of the Privy Council here, which will begin tomorrow.

Among them is one by the Luscar Collieries Limited of Alberta, an appeal in which the Minister of Justice and Attorney-General of Canada is linked with others as respondent, regarding the jurisdiction of the Board of Railway Commissioners of Canada over provincial railways.

There is also a reference by Lieutenant-Governor James C. Tully of Nova Scotia on questions affecting the constitution of the Nova Scotia Legislative Council. In this appeal the Nova Scotia Government seeks to have either to increase the membership of the Legislative Council beyond the present statutory number, twenty-one, or disband the members of that body at pleasure. The Government's aim is to abolish the second chamber in either case.

## VALERA MEN ARE TO TAKE SEATS IN DAIL

(Continued from page 1)

Final results of the polling with only the National University and Dublin University still to be heard from showed:

"Government Party 45; Fianna Fail 44; Labor 1; Independents 8; Farmers 11; National League 8; Sinn Fein 5."

Except for the Fianna Fail and the Sinn Fein, all the parties support the constitution.

## MANY RUMORS OF TERROR IN RUSSIA

(Continued from page 1)

Among other reports of alleged terror is one from Helsinki, Finland, which asserts the Finnish general Elvengren, one of the twenty whose execution was announced officially at Moscow several days ago, after the assassination at Warsaw of the Russian envoy, P. Volkoff, was actually put to death some time ago, after undergoing a series of tortures from which he became insane. It is impossible to obtain verification of this and similar stories.

A dispatch from Riga to The London Daily Mail tells of the shooting at Moscow of twenty-eight former officers of the czarist armies and says more than 100 persons have been shot in reprisal for the assassination of Volkoff.

Moscow, June 15.—Dispatches from Warsaw and other centres reporting a reign of terror in Russia were characterized by official Soviet circles today as "sensationalism and rot."

There is some tension here due to continual war talk indulged in by the press, but otherwise things are normal.

London, June 15.—Further executions in Russia are reported from places bordering on that country. A Riga dispatch to The London Daily Mail says twenty-eight more ex-Czarist officers were shot at Moscow, and that the number of shootings in reprisal for the assassination of P. Volkoff, Soviet Minister to Poland, now exceeds 100.

"This new terror," the correspondent adds, "has more than doubled the number of suicides in Moscow, where there are now from ten to fifteen daily. Moscow and Leningrad do not possess enough prison accommodations for the additional thousands of persons arrested in the past few days, and guarded freight trains are leaving both cities nightly, taking victims to Siberia."

## AGED EX-SOLDIER DIED

Fort William, June 15.—With the Union Jack draped about it and his old army musket by its side, the body of Edward Tompkins, aged ex-soldier, was found in his wilderness home in O'Connor Township today. The flag he loved and honored will be buried with the body.

## PRAIRIE POLICE CLOSING IN ON "GORILLA MAN"

(Continued from page 1)

belt and a rubber bag containing a number of small articles, such as a schoolgirl might carry, created a new interest in the search being pursued in Manitoba. The body of fourteen-year-old Lola Cowan was the first victim of the stranger's clutch in Winnipeg, was stripped of all its clothing when found under a bed in the murderer's rooming house. The clothing disappeared with the killer. It had not been determined at a late hour this afternoon whether the articles were the property of the schoolgirl victim.

A new description of the fugitive has been broadcast by the Winnipeg police, who have definitely established the

fact that he has changed his apparel for the third time in an effort to evade capture.

**HAT WAS FOUND.**  
Regina, June 15.—Although the Regina police had no description of the man at the time, it was established yesterday that the "Gorilla Man" wanted for murders of women and girls in Winnipeg and cities of the United States, spent over thirty-six hours in Regina—from 4 o'clock on the afternoon of Saturday until Monday at morning at 8 o'clock.

It was not until yesterday that the police received a definite description of the man.

A description of the man's hat was received, a hat purchased before leaving Winnipeg. It was a flashy velvet with a gaudy band. The police located the hat in a second hand store.

Later the boarding house in Regina in which the man had stopped over the weekend was found and shortly afterward the murderer was identified beyond any reasonable doubt.

**DRESSED LIKE HOBBO.**  
The story told by the boarding house inmates is that the man arrived at the house at 4 o'clock Saturday afternoon and left at 8 o'clock Monday morning. He made frequent visits down town and treated the landlord's child to a soft drink in the interim. It is thought he saw a newspaper early in the morning, changed his clothes to those of a hobo outfit and purchased other necessities. He had brought suitable shoes with him from Winnipeg. It is thought he read a description of himself, became alarmed and planned immediately to leave town. As soon as the store opened he purchased a khaki shirt and blue overalls.

Winnipeg, June 15.—A squad of the Saskatchewan provincial police, under the command of Inspector John Kelly, commander of the Saskatchewan division, was speeding by automobile early this morning to Elstow, Saskatchewan, near Saskatoon, following a report received in the Saskatchewan city that the "Gorilla Man" wanted in a score of United States cities and Winnipeg for the murder of women and children, was seen there late last night.

The police squad, hastening over country roads towards Elstow, was heavily armed. Two motor cars carried the officers.

Inspector Kelly had not communicated with his headquarters at Saskatoon early this morning.

**CITIZENS AND POLICE.**  
Throughout the night police guards were maintained in cities, towns and villages in the prairie provinces, citizens in many districts aiding the police in their search for the killer.

Despite reports that the killer was in Saskatchewan, Manitoba police continue to guard points near the United States border. The city police, following information received from Regina, are confident the murderer is in Saskatchewan moving westward toward the Pacific coast. A Winnipeg detective has been sent to Regina to aid in the hunt.

**MORAL IMBECILE.**  
"The 'Strangler' is considered a moral imbecile by Dr. C. Minck of Toronto, director of the Canadian Mental Hygiene Association, at present a visitor here. Moral imbeciles are rare in the world. Things repulsive to normal human beings are 'appetite to them,' said the professor.

The murderer of Mrs. Emily Patterson, twenty-seven and Lola Cowan, fourteen—Winnipeg, does not suffer from a mental disease, but lack of development in one part of his make-up, says Dr. Minck. He would probably be able to talk over his crimes rationally and without a trace of emotion and go right away and commit another. Such cases are incurable, according to the professor.

**MURDER BY BARBER.**  
Regina, June 15.—Traced by a hat smelling even of the hair tonic put on

## An Unusual Offering of Misses' Smart Tweed Suits

## Toronto Honors Quebec Visitors

Toronto, June 15.—Toronto's traditional "freedom of the city" was conferred yesterday on Hon. L. A. Taschereau, Premier of Quebec; W. P. McLaughlin, former mayor of Westmount, Que.; T. D. Bouchard, mayor of St. Hyacinthe, Que., and other delegates of the Union of Municipalities of the

Province of Quebec, when they arrived here on the steamer Kingston on a convention trip around Lake Ontario. Mayor Thomas Foster expressed the hope that the visits of the people of Quebec would become so frequent that the people of Ontario would know the beauties of the French tongue "as well as our French brothers know the English tongue."

The boll weevil is estimated to cause an annual damage of more than \$2,000,000 in the United States.

## AT THE THEATRES

BERT WOODRUFF IS  
STRONG ON SCREEN  
DESPITE 68 YEARS

Still going strong in the picturization of important character parts of feature photoplays despite his sixty-eight years, is the much-to-be-envied achievement of Bert Woodruff, who has a highly vital part in Sol Lesser's production of "The Mine With the Iron Door," a screen version of Harold Bell Wright's latest and best selling novel, which is announced as the chief attraction at the Playhouse Theatre.

In "The Mine With the Iron Door," Woodruff has the role of one of two old gold mining prospectors who furnish many a chuckle and many a hearty laugh and are pictured with all the deftness of Mr. Wright's facile pen.

Bert Woodruff was born in 1858 in Peoria, Ill., and educated there. His first stage work was in minstrel, and then came vaudeville. His first screen work was under the direction of D. W. Griffith in "Intolerance" and then came character parts in "Jim Bledsoe," "Daddy," "The Isle of Lost Ships," "Children of the Dust," "Flowing Gold," and "The Sea Hawk."

## Where To Go To-night

Capitol—"McFadden's Flats," Columbia—"Trainer and Tempress," Dominion—"The Flag Lieutenant," Playhouse—"The Mine With the Iron Door," Variety—"The End of the Road," Coliseum—"Oh! What a Dream," Crystal Garden—Swimming and Dancing.

HORRIBLE BUT TRUE  
DOCTOR'S REPORT ON  
PICTURE AT VARIETY

Dr. T. W. Walker says of "The End of the Road," "Horrible, but true to life and necessary. The horror is redeemed by a pretty love story. The picture can harm no one and will make every one think. Every mother and teen-age girl should see it." "The End of the Road" is now showing at the Variety and is presented by the Canadian Social Hygiene Council and none under sixteen are admitted.

CLEAN SPORT STORY  
CLEVERLY TOLD THIS  
WEEK AT COLUMBIA

The turn-out of the fire brigade when Lady Maurice's plans cause the stables to be set on fire, the arrival of Their Majesties, and the whole background of the Epsom race are among the striking scenes in "Trainer and Tempress" at the Columbia. James Knight plays Peter Todd with Cecil Morton York as Sir Blundell, Stephanie Stephens as Stella Jordan, and also included in a most capable cast, Juliette Compton as Lady Maurice, who compromises Todd in order to try to force him to her wishes, and Judd Green in a pleasant study of Claude Wentworth, a turf agent. It is a clean sporting story, told in a masterly manner by one thoroughly at home with the subject. The actual scenes of the races are among the best ones screened.

CHESTER CONKLIN  
EARNS GENEROUS  
SHARE OF SUCCESS

Starting in life with an ambition to make people laugh, Chester Conklin may, with due modesty, feel that he has earned a generous share of worldly success.

His first job was that of a circus clown. His latest was one of the principal parts in "McFadden's Flats," Edward Small's feature comedy, now showing at the Capitol Theatre. Sandwiched in between have been many years of acting under canvas, on the stage and on the screen. He declares that his present association with Charlie Murray in "McFadden's Flats" has served to contribute greatly to his life's store of genuine fun.

The stage offerings at the Capitol Theatre this week include three superbly entertaining vaudeville attractions they are Edythe Fletcher, a dainty dancer; Hazel Thorpe, harpist supreme, late of the New York Symphony and the Strand Theatre, New York City; and Grant and Bates, an extremely comical colored team in a novelty presentation that is claimed by Capitol patrons to be a riot.

## PLAYHOUSE

"FLAG LIEUTENANT"  
BRITISH NAVAL FILM  
AT THE DOMINION

MAJOR THESINGER

the strong quiet type of British officer, not so lucky, but ever so worthy of love and honor, as presented by Fred Raynham, in "The Flag Lieutenant."

BRITISH NAVAL  
FILM DRAWS AT  
DOMINION HERE

"The Flag Lieutenant" Produced With Direct Co-operation of British Admiralty

To anyone who has never been aboard a destroyer, a battleship in real action or a seaplane equipped for fighting, order there awaits more thrills and action than have ever been attempted before in a picture. It is action of the British Navy that thrills one to the utmost in every fibre.

"The Flag Lieutenant" is showing all this week at the Dominion Theatre. With the direct co-operation of the British Admiralty the producers have let no obstacle stand in the way in making this production as fine as possible. Closely woven into the picture which was made by Maurice Elvey in England, the director has succeeded in bringing forth a tremendously appealing love sequence which is portrayed by a carefully selected cast. It will be recalled that "The Flag Lieutenant" served as a starring vehicle for that noted English actor, Cyril Maude for a number of years. While a great portion of the scenes include the British Navy with its fighting seamen and marines, thousands and thousands of extras were also engaged to be transformed into fighting savages. The action, which takes place at a little outpost of Empire, furnishes an opportunity of bringing out many pounding and pulse-leaping moments.

TRIBUTES BESTOWED  
ON OLD ESTABLISHED  
CANADIAN PIANO FIRM

Excellent Qualities of Mason and Risch Concert Grand Piano Convincingly Exemplified in Recent Western Recitals

"Excellent, magnificent, unequalled" were the terms of approval expressed by the famous composer-pianist, Franz Liszt, when he heard for the first time, in the year 1882, a product of the well-known Canadian piano firm, Mason and Risch of Toronto. This prophetic vision of the great master has been recently exemplified in two music centres of the West, first at Vancouver when the brilliant Canadian pianist, J. D. A. Tripp, used a Mason and Risch grand piano at his recital on June 2 at the Hotel Vancouver ballroom, and again at the B.C. Musical Festival the week previous. The third occasion was the recital given on June 7 before a critical audience gathered in the Baptist Church Auditorium. At each of these musical events the remarkable qualities of this concert grand were tested to its fullest capacity. Indeed, in mellowness, variety of tone, in power and volume it stood the most exacting demands, and again added another triumph to a celebrated Canadian institution.

At Mr. Tripp's recital in this city the Mason and Risch piano proved thoroughly responsive at all times, effectively elucidating the shifting and complex moods of the player in the compositions of such masters as Beethoven, Schumann, Chopin, Liszt, Rubenstein, Scarlatti and Rachmaninoff. In the subdued moments of Mr. Tripp's playing the tone textures were unusually arresting, while in passages calling for dramatic power and force, the tone qualities were remarkably maintained. It has been said that "art asserts its prerogative and commands the world to recognize it." This assertion can well be applied to the productions of the Mason and Risch piano house, a firm of this Dominion that for more than half a century has met the demands on all sides of prominent musicians and old-established conservatories, academies and such like institutions, and has stood the test of time wherever competent authorities have seen fit to choose a piano for its outstanding musical events. In such, and in skill and workmanship, is the firm of Mason and Risch a veritable triumph in one of Canada's commercial and business industries.

CITY FIRMS TO  
PAY BUSINESS  
TAXES IN SAANICHSaanich to Enforce Trades  
License System on All Business Concerns

All Victoria concerns doing business in Saanich will be required to pay trades licenses after July 15, for the ensuing half year. The Saanich Council was last night informed that less than one-half the persons and concerns liable have paid the fees for the first half year.

Included in the delinquency list is a large number of Saanich businessmen, who have withheld payment pending final decision by the council as to the method of equalizing trading conditions.

In the second half year of 1926 no effort was made by Saanich to enforce the new by-law, drafted during the year to enable fees to be collected from Victoria concerns trading in

Lower Charges For  
Water in Saanich  
Now in Effect

Lower charges for water, to come into effect immediately, were last night authorized by the Saanich Council.

The new schedule allows net minimum monthly charges of \$1.25; up to 2,000 gallons \$1.40; up to 3,000 gallons \$1.50; 3,000 to 5,000 gallons at 20 cents per 1,000 gallons less 10 per cent discount; 5,000 to 10,000 gallons at 15 cents per 1,000 gallons less 10 per cent discount; all above 10,000 gallons monthly 10 cents per 1,000 gallons net.

Councillor Vantreight could obtain no support when he urged discount on irrigation water.

Saanich.

It was the view of the Retail Merchants Association of Saanich, presented to the council by numerous deputations, that Saanich business concerns were being discriminated against by the municipal levy, hitherto only collectable from concerns domiciled in Saanich.

WINS PRIZE FOR  
COVER DESIGNFourteen-year-old High  
School Student Heads Entry  
List in Jubilee Contest

Fred Messerschmidt, fourteen-year-old son of parents living at 932 Pandora Avenue, is the winner of the cover design contest for the Diamond Jubilee official programme. He wins the \$25 put up by Joe North for the best patriotic design received by school children under the age of seventeen years.

The winning design, which shows crossed flags featuring the Union Jack and maple leaves, will be slightly modified and used as the cover for the programme to be issued shortly. The back page will carry cuts of the Fathers of Confederation.

The winner is a student in second year classes at the High School.

A public meeting of the Guild of Health will be held to-morrow evening at 8 o'clock in the Memorial Hall Chapel, when the speaker will be the Rev. E. C. R. Fitchard of Seattle, formerly of Vancouver and Winnipeg.

## YOUR BABY and MINE

by MARY METER ELDRED  
Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

### EXTRA-PATIENCE DURING THE HOT WEATHER

Haven't you ever said: "Oh, I feel so cross!" and some other kindly and philosophic soul has comforted you with the remark that it was only the hot weather. An adult understands this. He expects that he isn't going to feel all the ambition he feels in cool weather; that he will want to lie about, doing little or nothing; be without appetite or "pep." Then the small son or daughter whines and cries with small provocation. The baby frets in his crib and the harassed mother cries: "Oh, what is the matter with the children; they seem possessed of demons!" No, not demons, just heat.

It is a wise mother who takes into account that children feel just as irritable as grown-ups when the temperature is soaring. They may not know what is the matter with them, but if they lay down, then they are inclined to cry if something goes wrong. It is likewise a very wise mother who does not try to keep her household running in the same perfect manner which was quite possible in the cold weather. It is better to put away all but the most necessary objects, keep the house so plain and unadorned that dusting and cleaning is reduced to the minimum. Work with dust and dust makes a person tired to look at them in hot weather. They add to the discomfort of one's

## ROMANCE BEHIND CLAIM TO FORTUNE

Three London Women Launch Suit for Money Left by Lunatic in 1798

London, June 15.—By the discovery of a marriage entry in the registers of the famous church of St. Martin-in-the-Fields, Trafalgar Square, the claimants to a fortune estimated at several millions have been provided with what they contend, is a vital link, hitherto missing, in support of their case. The action claiming the fortune promises to be one of the most romantic suits ever dealt with.

It will be brought against the Crown by the next-of-kin of the late Maria L'Epine, of Portsmouth, who died as a lunatic in 1798, and is for the repayment of £80,000 left by her, plus the compound interest on that sum during the 129 years that she has been dead. Incidentally an estate valued at £90,000, at court, and is for the repayment of £80,000 left by her, plus the compound interest on that sum during the 129 years that she has been dead.

The claimants contend that Maria L'Epine was secretly married, and had a lawful heir named Robert Caldwell, from whom they are descended. The claimants are Mrs. A. C. Mason, and three elderly spinsters, the Misses Mason, who live in modest circumstances off Oxford Street. W. They have spent a lifetime in the effort to establish the legitimacy of Maria L'Epine's heir.

At the time of the woman's death it was contended that she was not married, and as she had not left a will the money, in the circumstances, would not go to her "illegitimate" child but would become "escheat to the Crown."

It has been discovered that the Treasury never enjoyed the benefit of the money which it is to be asked to repay, for George III. gave it as a present to Lord Howe in recognition of his services abroad.

Under a rule of court dated 1799, Lord Howe is found to have promised that he would repay the money to the Treasury in the event of any heirs being established. He died, however, leaving no heir.

The Misses Mason knew that there was a family tradition that Maria L'Epine was married in London. For years they attempted to trace the record of the marriage to prove that Maria L'Epine was legitimate. Searching through the eighteenth century registers at the church of St. Martin-in-the-Fields, where the records date back to 1550, they discovered the entry of Maria L'Epine's marriage. They have now entered a petition of right, the first step in their suit.

The annual meeting of donors and subscribers to the Provincial Royal Jubilee Hospital will be held Friday, June 24, in the Blue Room at the Royal Jubilee Hospital. The annual report and financial statement will be presented and four directors elected.

Scottish Daughters.—The regular business meeting of the Equinault Scottish Daughters will be held on Friday, June 17, at 8 p.m. at the home of Mrs. Ford, 471 Constance Avenue.

vision, which longs for plain spaces. When one housewife in the Spring, takes down the phares, pack away the ornaments, leave the windows bare or with curtains that can easily be washed and ironed. Nothing is more discouraging to the eye of the housewife than the sight of wrinkled, dusty curtains fluttering in a hot wind. Far better a curtain at all. This may seem a long way from the subject of extra patience with the children, but it is inextricably tied up with it. For the tired mother is never a patient one and the mother of two or three small children, who has the same amount of money to do as in the winter, is bound to be so irritable that anything the children do or say is going to be wrong.

Keep the housework at a minimum. Hot meals are far from necessary. Serve more fresh fruit and no pastry. A variety of vegetables, cooked in the cool of the morning can be served by merely reheating at dinner time, as a salad. All manner of nourishing and appetizing sandwiches can be given to the children at noon and they can eat them out under the trees. They'll enjoy them a lot more, and all the fuss of setting a table and washing dishes after be eliminated. Use paper napkins and paper dishes during the hot weather, whenever possible. All of these methods for doing away with work will keep the mother sweet and give her the strength for extra patience with the children.

# SOCIAL PERSONAL WOMEN'S AFFAIRS CLUB AND NEWS

## RED CROSS APPEALS FOR FUNDS TO AID PEACE-TIME WORK

Veterans Still in Hospital and in Workshop Need Care, Says Report

All this week the local branch of the Canadian Red Cross Society is asking the public to revive the generous spirit with which they responded to its appeals during the war, and contribute funds that the promises made to the men who went overseas may be in some measure fulfilled. Headquarters for the week are at 615 View Street.

In case there may be citizens who are still unaware of the nature of the Red Cross peace-time program, the following annual report of the local work in 1926, as presented by Mrs. Harold Fleming at the last annual meeting, will prove interesting and illuminating reading:

"During the year 1926 the D.C.R. patients in hospital have been visited weekly and comforts distributed. Gramophones are provided by us to the Fleming and T.B. wards of the Jubilee Hospital, also to the St. Joseph's and Work Point hospitals. A piano is supplied to the T.B. ward at the Jubilee Hospital. The Daily Colonist is sent to the patients at Work Point.

At Christmas time our committee trimmed the tree in the Fleming ward, providing tinsel, ornaments, bon-bons, etc. On Christmas morning parcels were distributed to each ex-service man as follows: Eleven to mental patients at Wilkinson Road, six to St. Joseph's and Work Point hospitals, thirty to the Jubilee Hospital.

The following comforts were given to men in hospital: twenty-four filled comfort bags containing shaving soap, brush, comb, hair brush, tooth brush, aid cream, toilet soap, twelve comfort bags, twelve pair slippers, fourteen sweaters, eleven dressing gowns, fifty-six suits of pyjamas, thirty-one suits of underwear, forty-four pair socks, two pair crutches, three pair of orthopedic shoes, one surgical belt, one new suit of clothes, twenty-four chocolate bars, seventy-five packs of cards, 12,000 cigarettes.

"Soldiers' relief work still continues, most of the cases are problem ones taking some time to straighten out. Relief has been given to families of disabled men as follows: 123 orders of groceries costing \$502.84, fourteen monthly orders of milk \$108.47, thirty months' rent \$997, eight Christmas hampers were distributed and such miscellaneous articles as orthopedic shoes, crutches, clothing, crutches, wheelchairs, etc. Single men have been helped to the extent of: Thirty-three grocery orders, twenty-three meals, rent \$75 and cash \$75.50, \$25.50.

WORKSHOP BUSY  
The year 1926 has been one of steady progress for the Red Cross Workshop. On December 31, 1926, there were thirty-six men on roll of shop.

"Since we started in April, 1921, there have been seventy-five employed, of these nineteen have left to take up other work, three have died, five have resigned for various reasons, one is working at home. Of the thirty-six still in the shop twelve are fifty per cent pensioners or over, only seven men are under thirty per cent pension. The average pension of men employed is sixty per cent.

"During the year three men have left the shop on employment outside, one of them was a first-class cabinet maker and his loss is felt in the shop; still, despite the above wages paid out and sales have materially increased and over a large number of men have been given a chance in life. We are not only making good citizens out of men who might possibly have become delinquents, but we are also assuring posterity better citizens in their children."

Contributions received to date and gratefully acknowledged are as follows: Mr. and Mrs. F. Carls, Royal Oak, \$5.00; H. J. Scott, \$25.00; Sir R. Lake, \$25.00; Miss L. D. Jones, \$10.00; W. Jackson, Royal Oak, \$5.00; Miss L. Meyers, \$5.00.

## High School Tennis Team Loses Match

The tennis team of the University School paid a visit to the Victoria High School yesterday afternoon and took the High team into camp by seven matches to one. An exceptionally large crowd watched the play on the new cement courts. In the feature match of the afternoon Steve Jones showed some of the class that made him British Columbia junior champion last week, when he overhauled Hugh Rider 6-0, 6-1.

## MRS. MULQUEEN WINS

Toronto, June 15.—Mrs. F. J. Mulqueen won the Toronto and district ladies' golf championship yesterday by going around the Lakeview Club in 89. Mrs. Ada MacKenzie was the titleholder last year.

Dr. A. F. Barton will deliver another lecture on "Applied Psychology" in the New Thought Temple on Wednesday evening at 8 o'clock. The subject will be "The Subconscious Mind and the Habit of Succeeding." This will be Dr. Barton's last lecture before he leaves for Spokane to deliver a series of lectures in that city. During Dr. Barton's absence from this city "Chesley—The Lady of Light," will conduct a series of lectures in the New Thought Temple from June 19 to June 29. Dr. Barton will return for the first Sunday in July.

## MISS HILDA BOATMAN OF LONDON, ENGLAND, IS SPENDING THE SUMMER AT POUL HAY.

Miss Hilda Boatman has returned to Victoria after a short visit to her parents in Sidney.

Mrs. Lorne Campbell of Victoria is visiting Mrs. A. E. Houghten, Lanark Street, Vancouver.

Mr. Andrew Hector has arrived from Seattle to spend a holiday with his parents, Mr. and Mrs. J. Hector, Quadra Street.

Miss Peggy Beadenell has returned to Victoria after spending a three months' holiday with Mr. and Mrs. E. Moore of Duncan.

While in Vancouver for the National W.C.T.U. sessions Mrs. Wm. Grant of Bay Street is the guest of Mrs. Paul Smith.

Mrs. Newton Burdick and Mrs. George Lindsay of Vancouver are spending a few days with their mother, Mrs. M.C. Smith.

Mrs. John Hall, Mrs. Shampney and Mrs. Wm. Grant are among the Victoria delegates attending the National W.C.T.U. sessions in Vancouver.

Mrs. Duncan Fraser, of Vancouver, who was best man at the Norris-Lusby wedding to-day, is a guest at the Empress Hotel.

Mrs. H. G. L. Strange of Penn, Alta., entertained at tea at the Empress Hotel yesterday, the ladies attending the annual convention of the Canadian Seed Growers' Association.

Mr. and Mrs. Fred Holland (nee Gertrude Muir) who have been visiting Mr. Holland's mother at Patricia Bay for the last week, have left for their home at Port Haney.

Mrs. E. Crow Baker, George Road, and Miss Jean Ross, who have been spending several weeks visiting in the Okanagan, at Bonaville and Lake Louise, returned to Victoria yesterday afternoon.

Mrs. James W. Vintney has returned to the city after a visit to Toronto and Woodstock, Ontario. Her sister, Mrs. W. T. Pearce of Toronto, accompanied her.

Mr. and Mrs. J. Patterson have moved here from their home in Idaho, and while in Victoria will be the guests of Mrs. Patterson's sister, Mrs. F. Orville, Myrtle Street.

Miss Vera Milne, of the nursing staff of St. Joseph's Hospital, is spending a vacation with her parents, Mr. and Mrs. George Salmon, at Patricia Bay.

Mr. and Mrs. Ernest Evans, who returned to Vancouver a few days ago after spending some weeks here, will leave shortly for Europe, accompanied by Mrs. Mae Moody of Vancouver.

The Misses Madge and Ina Hendry have returned to Victoria after spending a very enjoyable week-end with their aunt, Mrs. Augustus Hendry of Port Angeles.

Mrs. C. L. H. Brander entertained this afternoon with bridge and mah jong in honor of Mrs. James Ford, who came to Victoria recently from Vancouver to make her future home here. Four tables were in progress of play.

Miss Margaret McKechnie, of Vancouver, came over to attend the Norris-Lusby wedding which took place at noon to-day while in Victoria will be the guest of Mr. and Mrs. C. Leslie Aylard, Oak Bay Avenue.

Mr. and Mrs. L. Blair Lusby of New Westminster arrived in Victoria yesterday to attend the wedding of their son, Mr. Eric Blair Lusby and Miss Lillian Norris, which took place at noon to-day. Mr. and Mrs. Lusby are guests at the Empress Hotel.

Mrs. Hargreaves and Mrs. Shaw, of Winnipeg, who have been spending several months in Victoria, left to-day for the mainland on their way to Banff, where they will visit for a short time prior to returning to their home in Manitoba.

Mr. Thomas S. Moffat, son of Mr. and Mrs. Moffat, Herby Avenue, who four years ago won the C.P.R. Scholarship, has now attained his bachelor of science degree at McGill University and has accepted a position in Hamilton, Ont.

Mrs. S. C. Sweeney, of Vancouver, who is entering the Pacific Northwest golf tournament to be held at Colwood golf course next week, is expected in the city to-morrow with her husband, Mr. Sweeney, who is a guest of her mother, Mrs. Pooley, "Fernhill," Esquimalt Road.

Miss Ella W. Bay, a student of the New Era School, Hibben-Bone Building, has been awarded the shorthand diploma of the National Institute of Secretaries of London, England, with 99 per cent marks. The examiners marked her paper as the best he has received in several years.

The many Victoria friends of Miss E. G. MacGill, daughter of Judge Helen Gregory MacGill, of Vancouver, will be interested to learn that she received the degree of bachelor of science in electrical engineering at the University of Toronto convocation, and is probably the first Canadian girl to win such a degree.

Miss Rita Cottell and Miss Irene Moury entertained a number of their friends at a delightful afternoon tea at the home of the former in honor of Miss Dorothea Jennings, a popular bride-elect. The table was very beautifully decorated in a color scheme of mauve and pink and was centred by a large kewpie dressed as a bride.

A marriage of much interest in Victoria will take place to-morrow morning in Fernie, B.C., when Miss Marjorie Broley, well-known Victoria pianist, and daughter of Mr. and Mrs. J. Broley of Fernie, will become the bride of Mr. Frederick Manhard Brady of Kimberley, son of Mr. and Mrs. T. A. Brady of Carberry Gardens, Victoria. The ceremony will be a quiet one and after a motor trip through the Windermere Valley Road, Mr. Brady and his bride will reside at Kimberley.

## CATHEDRAL SETTING FOR WEDDING TO-DAY

Miss Lillian Norris Becomes Bride of Eric Lusby of New Westminster

The home of Mr. and Mrs. James Strang, 907 Richmond Avenue, was the scene of a quiet wedding at 8:30 o'clock Tuesday evening, June 14, when Dr. W. G. Wilson united in marriage their daughter, Mary Elizabeth, and Dr. Walter F. Theale, son of the late W. E. Theale, C.E., and Mrs. Theale of Winnipeg. Given in marriage by her father, the bride was smartly attired in a French gown of beige georgette, embroidered in pastel shades, and wore a picture hat of pale pink georgette. A shower bouquet of butterfly roses completed the costume. The bride's bridesmaids were Misses Mabel Nicol presented Mrs. Fisher and during the signing of the register Mr. D. C. Hughes sang "At Dawning." Following the ceremony a reception was held, when the assembled friends tendered their hearty congratulations and good wishes. Dr. and Mrs. Theale left the same evening for Vancouver, Dr. Theale by way of Prince Rupert and Jasper to Winnipeg, where they will reside.

A pleasant surprise party took place on Friday evening at the home of Mr. and Mrs. G. R. Fisher, 210 Wilson Street, the occasion being their eleventh wedding anniversary. The evening was spent in playing cards, which were Mrs. Smith and Mrs. Silver, Mrs. Johnson and Mrs. Phillips. Vocal solos were rendered by Mr. Wensley, Mr. Pearson and Mrs. Fisher. Refreshments were then served, after which Miss Mabel Nicol presented Mrs. Fisher with a daintily decorated basket containing pink and white carnations and ferns, also a handsome set of carvers. The rest of the evening was spent in dancing. Those present were: Mr. and Mrs. H. Silver, Mr. and Mrs. McDonald, Mr. and Mrs. Nicol, Mr. and Mrs. Wensley, Mr. and Mrs. Brown, Mr. and Mrs. Baker, Mr. and Mrs. Wolcott, Mr. and Mrs. MacGill, Mr. and Mrs. Thompson, Mr. and Mrs. Johnson, Mr. and Mrs. Richmond, Mr. and Mrs. Smith, Mr. and Mrs. Banfield, Mr. and Mrs. La Pointe, Mesdames Shaw, Jones, Johnson, Worth, Crawford, Webster, Roy, Phillips, M. Phillips, Hindle, M. Wilson, M. Nicol and M. Fisher, Messrs. P. Phillips, Snelling, Pearson, Baker and J. Fisher.

The marriage of Miss Constance Meads, formerly of this city, to Mr. Clarence S. Brown, took place on June 12 at 3 p.m. at the home of Mr. and Mrs. S. Meads, Bellingham, Wash. The bride was given away by her father, and the couple were married under a prettily decorated arch of mauve and pink with overhanging bell. The bride was attired in a becoming dress of blue crepe de Chine with hat to match, and carried a shower bouquet of Ophelia rosebuds and mauve sweetpeas. The bride was attended by the groom's sister, Miss Ethel C. Brown, who wore a dress of shaded pink flat crepe and pink hat, carrying a bouquet of pink rosebuds and mauve sweetpeas. The groom was attended by Mr. Frederick Meads, brother of the bride. After the bride and groom had received their congratulations of the guests, a dainty luncheon was enjoyed. The music was supplied by the Misses Jackson of Bellingham. The happy couple left at 4 p.m. by the coast line for their new home in Seattle, Portland and The Dalles, Ore. Among those present were: Mr. and Mrs. S. Meads, Mr. and Mrs. B. W. Brown, Mr. and Mrs. J. Holyoak, Mr. and Mrs. A. Steer, all of Bellingham, and Mrs. C. R. Booth, Mrs. W. J. Ledingham and Miss B. Ledingham, of Vancouver; Mr. and Mrs. H. W. Brown of The Dalles, Ore.; and the Misses Jackson, Theima Meads, and Sybil Holyoak, Joyce Booth and Master L. Meads.

## WOULD BE BEAUTY QUEEN STARTS SUIT

Vancouver Aspirant For Motor Car Claims Count Unfair; Injunction Sought

Vancouver, June 15.—Delivery of the motor car prize in the Canadian Legion beauty contest has been delayed by Chief Justice Hunter pending argument of injunction proceedings launched by Mrs. Letitia Salmon, mother of Kitty Salmon, one of the contestants, who filed a writ for injunction, claiming that the vote for Velma Rogers, declared winner, was improperly accepted after the closing hour, at which time Miss Salmon was said to be leading. The case will be argued more fully Monday at 10:30 a.m., when both parties will be represented at a hearing to determine whether the injunction should be granted. The case will continue to the trial.

## Mrs. Williams, Who Was Here on Yacht Surprise, at Quebec Hears Good Reports of B.C. Conference

Quebec, June 15.—After having twice circled the globe in an 800-ton yacht, Mrs. G. Williams of London is now adopting a more prosaic method of traveling the Atlantic. She will cross on board the Canadian Pacific liner Montreal, leaving Quebec this afternoon with her three daughters, governess and maid.

The reason for her trip to England is to place her two youngest daughters aged thirteen and eleven respectively in a private school in Heathfield, England, but she will not remain long on the other side of the Atlantic, for after spending a week in France, she is coming back to Canada en route to Prince Rupert. Mrs. Williams is fishing and shooting. The yacht is at Prince Rupert awaiting Mrs. Williams's return.

Capt. and Mrs. Williams were in Victoria two weeks ago on the yacht Surprise with a party of friends, their daughter, Miss Kathleen, and their son, Mr. Williams. The Surprise proceeded from here to Vancouver, where Mrs. Williams, her children and governess disembarked for the train journey across Canada.

## Vancouver Golf Champ

Vancouver, June 15.—Mrs. S. C. Sweeney of the Jericho Club is the ladies' golf champion for 1927. She captured the title Tuesday in competition with fifty-one ladies who competed for the honor over the Point Grey course. Mrs. Sweeney turned in a fine card of 86 for the eighteen holes, playing magnificent golf, especially in the inward journey when she accomplished the nine holes in 41, having gone out in 45. Miss Florrie Aytton of the home club and Mrs. Ruthens of Jericho tied for the runner-up honors each with a gross 89.

## FREAK BRIDGE HAND DEALT IN GAME

Complete Suit Dealt to Each Player in England; Rare Coincidence

London, June 15.—An extraordinary bridge coincidence in which four players were each dealt a complete suit of cards occurred during a game at the Cavendish Hotel, Bedford, England. Major K. G. Harper and J. C. E. Robinson, a chartered surveyor, were playing M. P. Ledward and Mrs. M. Mettams. Major Harper dealt and received all the spades. Mrs. Mettams had the hearts. Mr. Robinson the clubs, and on his second call Major Harper said "seven spades." Laying down his hand he claimed a grand slam and made seventy below the line, as well as points above for grand slam, five honors in one hand, and for his partner's chance. His opponents received points for chance.

The chances of such a hand occurring are calculated as 2,235,977,406,895,368,368,301,559,999 to 1, but there have been at least three previous authenticated cases in Calcutta in 1868, at Brighton in 1895, and at a Surrey whist drive in 1917.

In the present case a witness was called in immediately the state of the hands was realized. The hand occurred in the first game of the third rubber, which Major Harper and Mr. Robinson eventually won.

## ST. BARNABAS GARDEN FETE

On Saturday afternoon the Guild and W.A. of St. Barnabas Church will hold their annual fete in the beautiful grounds of Sefton College, when many attractions will be provided. Tonic, clock golf and coconut shies have been arranged.

The fete will be a most interesting affair, with a variety of musical selections will be given at intervals and during the tea hour. There will also be stalls of candy, home cooking, ice cream, fancy work, handkerchiefs and novelties. Everyone is assured of a very happy time and it is hoped that all the congregation of St. Barnabas will be there to make it a big reunion. Mrs. W. H. Nelson of Deep Cove will perform the opening ceremony, which takes place at 3 o'clock.

# LAURIER STATUE PRESENTED TO CLUB BY UNKNOWN DONOR

L. U. Conyers Acts For Anonymous Donor; President Stephen Jones Makes Reply

Presentation of a bronze statue over two feet high of Sir Wilfrid Laurier was made to the Laurier Club of Victoria last night at the executive meeting at Liberal headquarters and accepted on behalf of the club by Stephen Jones, president.

The statue will grace the Laurier Club functions here and is held in the personal possession of Mr. Jones. The presentation was made by L. U. Conyers, who said that he was acting on behalf of a donor who wished to remain anonymous but who had been a great admirer of Sir Wilfrid Laurier and wanted to do what he could to aid the Laurier Club here in perpetuating the name of the great Liberal chief and the Canadian ideals embodied in his policies.

Mr. Jones formally thanked through Mr. Conyers, the club's thanks to the anonymous donor.

CONFEDERATION WEEK LUNCHEON  
The Laurier Club will entertain at a big Confederation week luncheon the Hon. Lucien Cannon, Solicitor-General of Canada. Plans for the function were made at the meeting last night. W. M. Ivel, M. B. Jackson, K. C. Lester Patrick, acting with the president, make up the general committee in charge of the function. S. A. Pomeroy, L. U. Conyers and Robert Macneil constitute the ticket committee, while the programme is in charge of a committee consisting of H. H. Shandley, J. Stewart, C. J. V. Spratt and Francis Simpson.

Bishop's orchestra will play for the next of a series of popular dances to be staged by the Victoria Police Mutual Benefit Association at the Elgord Street headquarters on Friday. Dancing will commence at 8 a.m.

# NEWS IN BRIEF

The annual meeting of the District Women's Christian Temperance Union has been postponed to Friday, June 24, at 3 p.m. at the Y.W.C.A.

A Liberal picnic will be held at Beaver Lake on August 3, it was decided at an executive meeting of the Saanich Liberal Association Monday night.

The annual pound party of the Protestant Orphanage's Home will be held at the home on June 23, it was announced this morning. This date is the thirty-fourth anniversary of the laying of the cornerstone of the home.

"How to Awaken the Interest of the Individual Boy or Girl" will be the subject of a novel talk by Alex. Shepherd at the Rotary luncheon at the Express Hotel tomorrow. His paper will speak before the regular programme on "The Red Cross Campaign."

Falling twenty feet from an upper window on Sunday the twenty-month-old infant daughter of Mrs. Carr, 407 Belleville Street, escaped without injury, beyond a severe shaking, and was recovered without any ill effects, it is believed. Dr. Kenning was called.

The Young People's Songster Brigade will give a concert in the Salvation Army Citadel, Broad Street, to-morrow evening at 8 o'clock. The programme will be composed of vocal and instrumental selections and solos, recitations, and a dialogue. There will be no charge for admission, and parents and friends of the young folks are invited.

The Saanich Council last night took the first step in its campaign to improve the Provincial Government's advisability of non-interference in approval of subdivision plans. A plan reported to be in order and normally qualified for routine approval was sent to the Executive Council for action.

Some weeks ago the Government overruled the council and granted approval of a plan at Cadboro Bay showing a thirty-three-foot wide road, creating a bottleneck. Saanich has refused approval of plans showing less than sixty-six feet for all roadways. Resenting this "rotational" of the council decided to refuse to further deal with subdivision plans, passing all such matters on to the Executive Council for hearing and decision.

# ACCUSED DENIED LIQUOR WAS SOLD

Angelo Sposito Gives Denial of Evidence in Liquor Hearing

Allegations that \$100 had been consumed for the purchase of liquor at 418 Belleville Street by a party of four men, were made in the prosecution's evidence this morning against Marian and Angelo Sposito, charged on remand in City Police Court, with keeping liquor for sale.

Taking the stand just before luncheon recess Angelo Sposito entered a flat denial of the testimony given by the prosecution's witnesses, and declared that at no time in his life had he sold liquor or kept it for sale at his home.

Stuart Henderson, for the defence, moved for the dismissal of the case against Marian Sposito at the close of the prosecution's witnesses, and declared that the trial resumed.

Evidence of payments in which a cheque was used was presented to the court, in support of the statement that \$100 had been expended at the Belleville Street house, by witnesses who said they were supplied with liquor.

The defence continued at 3.30. C. L. Harrison appears for the prosecution. A further charge, that of cashing a forged cheque, is preferred on remand against Angelo Sposito, to be heard after the conclusion of the liquor hearing.

# FIRST CARLOAD OF BERRIES SHIPPED

Strawberries Dispatched by Canadian Pacific Express For Prairie Provinces

Victoria's first shipment of strawberries from Keating and Gordon Head districts rolled eastward this morning at 9 o'clock, according to an announcement by the Saanich Fruit Growers' Association.

There was one car in the shipment, ordered by Winnipeg. It will go direct to that city via the Canadian Pacific express and the berries will be ready for the market Monday morning.

The carload shipped under the new method introduced by the express company. Express carload lots in the future will be billed directly from Victoria to destination without rebilling in Vancouver.

It is expected that between forty and fifty carloads of berries will leave Victoria this year for the prairie provinces. At the peak of the season as many as five cars a day will be sent from here, and from now on there will be regular shipments.

The continued cool weather has delayed the ripening of the crop. Continued warm weather is now expected to bring the berries to perfection. The berries are of larger size than usual, and of the very best quality, the growers state.

# BIG FIRE AT FILM PLANT

Hackensack, N.J., June 15. — The plant of the Pictorial Company, cutters and washers of motion picture films, is reported to have been destroyed by fire resulting from an explosion. Fire departments from five adjoining boroughs are fighting the flames, which have spread to two apartment houses, a store and a dwelling, and are threatening several other structures.

Telephone service was disrupted by the blast.

The Bergen County sheriff's office heard that four bodies had been taken out of the ruins, but this could not be confirmed.

# FORESEES TRADE WITH TRINIDAD

Major R. Rush Says B.W.I. Could Use B.C. Canned Fish and Lumber

First Introduced Canadian Flour to Trinidad Thirty Years Ago

Great possibilities for the development of a trade between British Columbia and Trinidad in canned goods and lumber are foreseen by Major Ranulph Rust of Port-of-Spain, British West Indies, who is on the city-to-day tour with his wife in the course of a world-wide tour. They are guests at the Express Hotel until to-morrow when they will leave for the city of England and South Africa, where Major Rust will represent Trinidad at the Congress of the Chambers of Commerce of the British Empire, to be held at Capetown commencing October 5.

A Londoner by birth, Major Rust went to the British West Indies forty-six years ago, and is the oldest member of the Trinidad Chamber of Commerce, as well as a former mayor of the capital, Port-of-Spain. He was the first major to introduce Canadian flour to Trinidad, and in doing so thirty years ago, met with strong opposition from the American producers.

Major Rust, however, was successful in his efforts to familiarize the islanders with the quality of the Canadian flour over that of the American and succeeded so well that to-day practically all the commodity used for routine approval was sent to the Executive Council for action.

LUMBER NEEDED  
In the opinion of Major Rust, the British West Indies could use quantities of lumber from British Columbia, particularly pitch pine, if the price compared favorably with that paid for supplies from the present source of importation, the Southern States. Trinidad also imports large quantities of white pine and spruce from Nova Scotia, some of which business might well be secured by British Columbia in his opinion.

CANNED FISH  
Another purely B.C. product which might lead to the development of trade with the British West Indies is that of canned fish, Major Rust states. As a honorary commissioner for Trinidad to the British Empire Exhibition at Wembley in 1925, Major Rust made the acquaintance of Hon. P. A. Pauline, Agent-General for British Columbia, to whom he this morning paid a warm tribute for his kindness and his keenness in advancing British Columbia's claims whenever and wherever possible.

A pioneer in the oil industry in the British West Indies, Major Rust states that oil and oil products form over thirty-three per cent. of the total exports of Trinidad, with over 14,000,000 pounds sterling invested in the industry. In 1925 the production of crude oil amounted to 639,699 tons. Of this 126,233,293 gallons of gasoline, kerosene, lubricating and fuel oils were exported, representing a value of \$1,560,305. This was greatly increased in 1926. The finest asphalt comes from this island, according to the visitor, and tremendous quantities of it are shipped all over the world.

Major Rust is making his first visit to the West. Although he came as far as St. Paul, Minn., in 1926, before he came to Trinidad, he has been a frequent visitor to the East, his wife is a native of Hamilton, Ontario.

# BROKER CLEARED OF FRAUD CHARGE

Court Allows Appeal Against Two-year Sentence

Appeal of H. W. Campbell, Vancouver and Winnipeg real estate broker, against a two-year sentence for a charge of false pretences was allowed by the British Columbia Court of Appeal yesterday, the court ruling that whatever action for negligence might be, no false pretences had been shown. Mr. Justice Martin dissented.

Campbell was charged with obtaining money by false pretences in the transfer of property in Manitoba of Mrs. Mary Ellen Stevens for a \$2,500 farm mortgage.

It was claimed that Mrs. Stevens was not informed there were pretences, and that the property was represented as being near Yorkton, Sask., whereas it was seventy miles away, that the taxes were represented as being paid but were not. It was also claimed the land reverted to the municipality at tax sale, the owner disappearing and Mrs. Stevens losing her money.

A. MacNeill, K.C., and G. R. Sugarman appeared for appellant and H. C. Wood for the Crown.

# ELDERLY MAN IS FOUND DEAD

Henry Einert Was Well-known Cabinetmaker on Store Street

Henry Einert, known for years along Victoria's waterfront as Henry Einert, was found dead in his rooms at 1924 Store Street last night, following what police believe to have been a sudden seizure resulting in hemorrhage. The late Mr. Einert was between sixty and seventy years of age, and came to this city from Calgary many years ago. He was a seaman by trade, but later took up cabinet making and was well-known for his adeptness at the art. Little is known about the relatives, though a son is thought to be resident in the United States.

He was last seen alive on Monday afternoon by employees of the Canadian Puget Sound Lumber and Timber Company Limited. The discovery of his death was made after repeated calls at the premises, which elicited no response. The coroner was reported to the police by Roy T. Loughhead of the wholesale department of the P. Burns Company, and who found the body sitting upright in a chair. The remains repose at the B.C. Funeral Chapel, Corner E. & Hart, was notified without delay.

# SAANICH ABANDONS SINGLE TAX POLICY

Will Levy Tax on 15 Per Cent of Improvement Values

Rate of 29.26 Mills Will Provide \$189,224

The Saanich Council last night abandoned the fiscal policy effective for the past twenty years and will this year levy taxes on improvements. The largest rate of 29.26 mills was struck, to be levied on full land values and fifteen per cent of the assessed value of improvements. This decision followed long debates, urban and rural councillors opposing differences in levying on fifteen per cent of improvement values. Early in the session Reeve Crouch surrendered his long-drawn battle for retention of a single tax, all the other members of the council being in agreement as to the necessity of an immediate change in policy.

Rural councillors urged a levy on fifty per cent of improvements and showed determination not to cut below twenty-five per cent. Urban representatives contested for a levy on ten per cent of values. Reeve Crouch solved the impending deadlock with a proposal to levy on fifteen per cent, plain stating, however, that at the next elections he would explain to the farm wards that the resident farmers had been required to pay higher taxes because of the insistence of their representatives on a change in taxing policy.

Councillor Graham refused to support a levy on more than ten per cent of improvements, being the only opponent when a vote was taken. The motion was moved by Councillor Ventrone, and seconded by Councillor Oldfield.

The tax levy will be 29.26 mills, made up of 10.35 mills for general purposes, 6.06 mills for debt and 12.85 mills for schools.

This levy will raise \$189,224 and provide \$65,234 for schools, \$38,300 for debt service and \$85,690 for general purposes.

Taxes are payable before close of business on October 10, and the legal penalty of fifteen per cent on overdue taxes will be assessed in installments, being the sum of each, added on October 11, October 20, and November 1, respectively.

The taxable assessment of the seven wards, on the basis of levying on fifteen per cent of improvements, will be as follows:

Ward One	.....\$926,197
Ward Two	.....\$807,032
Ward Three	.....\$785,681
Ward Four	.....\$866,021
Ward Five	.....\$989,307
Ward Six	.....\$921,288
Ward Seven	.....\$919,725

Conclusions, by wards, will be as follows:

Ward One	.....\$27,100
Ward Two	.....\$23,613
Ward Three	.....\$22,283
Ward Four	.....\$25,339
Ward Five	.....\$28,947
Ward Six	.....\$26,956
Ward Seven	.....\$26,911

Total.....\$182,682  
The remainder of the income of \$189,224 will be derived from Craigflower, Scholastic and the B.C. Telephone Company, B.C. Electric Company and Canadian National Railway properties.

# OBITUARY

The funeral of the late Hugh C. Spence will take place to-morrow afternoon. Funeral service will be held at the B.C. Funeral Home, 1625 Quadra Street, at 2.30 o'clock, when the Rev. F. A. P. Chadwick, M.A., will officiate, and the remains will be laid to rest in the Royal Oak Burial Park. The funeral will be under the auspices of St. Andrew's Lodge No. 49 A.F. and A.M.

# CONVENTION AT OLYMPIA SUCCESS

Fifty-four Moose Lodges and 275 Delegates Attended Sessions Just Closed

The twelfth annual convention of Northwest Moose Association just concluded in Olympia, Wash., was a great success with an attendance of about 3,500. Some fifty-four lodges with 275 delegates from British Columbia, Washington, Montana, Oregon and Idaho attended the business sessions, and much valuable work was accomplished.

A convention of the Women of Mooseheart Legion was held simultaneously with that of the senior organization, forty-five chapters being represented, which is the largest in history for both sessions.

The opening session, which was a joint one, was held in the Capitol Theatre, Olympia, and a welcome extended to those present by Governor Roland G. Hartley, Senator C. G. Dill, Mayor J. C. Johnson and others, and responded to by prominent members from the various states and the Province.

Competitions were held and a team from Victoria Lodge No. 1,390 was awarded a handsome cup as second prize in the rifle-shooting competition, being nosed out by Portland team by the closest of margins.

The ladies' drill contest was won by Spokane, the men's drill by Portland, while the largest delegation by Tacoma, the longest distance by Lewiston, Idaho, and the best decorated float by Chehalis, Wash., the prizes being presented by Governor Hartley on the steps of the Capitol building, movie pictures of the event being taken.

Officers elected for the coming year are as follows: President, O. Shepherd, Vancouver, B.C.; first vice-president, D. Alexander, Chehalis, Wash.; second vice-president, Emil Sayko, Wallace, Idaho; third vice-president, T. G. Ryan, Portland, Ore.; secretary, treasurer, J. P. Pearce, Victoria, B.C.; trustees, J. M. Babb, Port Angeles; Carl Shanan, Olympia; Dr. C. B. Mess, Victoria; prelate, F. W. Nygren, Bellingham; inner guard, F. N. Braham, Seattle.

Two years ago the association donated a kindergarten building to be erected at Mooseheart at a cost of \$60,000, and the report of Secretary-Treasurer J. P. Pearce gave the sum of \$14,500 as having been raised at this convention. The foundation stone of this building will be laid during the Supreme Lodge convention to be held in August, and from pledges made in Olympia, it is hoped to complete the building by June, 1928.

Bellingham, Wash., was chosen as the convention city for 1928, and it is more than likely that Victoria will receive the nomination for the following year judging from the friendly spirit shown by the majority of the delegates.

The first meeting of a new executive will be held in Vancouver, B.C., during the first week in September in honor of the newly elected delegates, and other meetings will be held in various places during the year, the final one to be held in Bellingham.

# JOHNSTON LEADS IN U.S. GOLF CONTEST

Sarazen Second in Open Championship Competition at Oakmont

Oakmont, Pa., June 15.—Tommy Armour of Washington, with a sensational 71, giving him a two-day total of 149, moved into third place in the United States open golf championship this afternoon. Out in 35, the Washington pro came home in 36 to have a stroke from par, the first time it has been done in the tournament.

Jimmy Johnston, Minneapolis amateur, was still leading with 147, and Gene Sarazen was second with 148. Armour was a stroke ahead of Walter Hagen and Harry Cooper.

Encountering another streak of difficulties, Bobby Jones, Atlanta amateur and defending champion, finished the second round of the championship to-day in 77, five over par, and ran his two-day total up to 153, six strokes behind the leader.

Jimmy Johnston, Minneapolis amateur, was still leading with 147, and Gene Sarazen was second with 148. Armour was a stroke ahead of Walter Hagen and Harry Cooper.

Encountering another streak of difficulties, Bobby Jones, Atlanta amateur and defending champion, finished the second round of the championship to-day in 77, five over par, and ran his two-day total up to 153, six strokes behind the leader.

Ernest Penfold, former Winnipeg pro, now of Minneapolis, added 80 to his 70 of yesterday for a total of 150, while Macdonald Smith, Canadian open champion, was well up among the leaders with 76 and a total of 154.

Scores, 36 holes:  
Perry Delvecchio, Greensburg, Pa., 80-79-159  
Willie Hunter, Brentwood Heights, 80-79-159  
Al Watrous, Grand Rapids, Mich., 82-74-156  
Walter Hagen, Pasadena, Fla., 77-78-155  
Bobby Cruickshanks, Purchase, N. Y., 78-78-156  
Macdonald Smith, Great Neck, N.Y., 78-76-154  
Bob McDonald, Chicago, 77-83-160  
Willie Klein, Whiston, N. Y., 79-78-157  
Dave Robertson, Dearborn, Mich., 74-85-159  
Ernest Penfold, Minneapolis, 79-80-159  
Waldo Crowder, Shreveport, La., 78-83-161  
Harry Cooper, Los Angeles, 74-76-150  
Joe Kirkwood, Albany, Oa., 81-84-165  
Jock Hutchison, Chicago, 80-77-157  
Jim Barnes, New Rochelle, N. Y., 78-75-153  
Herbert Jolly, Britain, 84-78-162  
Larry Netholtz, Sharon, Pa., 75-81-156  
Ted Ray, Britain, 78-83-160  
P. C. Hart, Marietta, Ohio, 77-77-154  
Bobby Jones, Atlanta, 76-77-153.

## BASEBALL, BOXING

Johnson Retains  
Lead In U.S. Golf  
After Second Round

Minneapolis Amateur Shoots  
73 To-day; One Stroke  
Ahead of Sarazen

Bobby Jones Finds More  
Trouble on Short Holes; A.  
Compston Had 153

Oakmont, Pa., June 15.—At 1 o'clock this afternoon Harrison "Jimmy" Johnston, Minneapolis amateur, was leading the field at the end of the first thirty-six holes of the seventy-two-hole race for the United States open golf championship.

Johnston, who was tied for the leadership yesterday with Harry Hampton, Memphis pro, with 73, took 74 today for a total of 147. Hampton took 78, making his total 151.

Johnston was four over par going out, but came in with a 33, two under par. He got a birdie on the fourteenth and sixteenth. The other holes he found easy in par figures.

**SARAZEN UPSET**  
The early afternoon ranking found Gene Sarazen one stroke behind Johnston, the New York pro, shooting a 79 on his first nine and 85 on the second nine for a total of 164. He flashed a bit of temper at the long fifteenth, smashing a club after finding trouble in reaching the green.

Hampton's 151 was next, with Bill Mehlhorn, New York, and Fred Baroni, Grafton, Pa., with 152, tied for fourth. Archie Compston, Great Britain, had 153. All other scores of the first twenty were over 160.

A warm sun flooded the course today.

Bobby Jones, starting the second round in defence of his national open golf championship, spoiled an otherwise good start by mistakes on the two short holes, the sixth and eighth, making the turn in 39, two over par. He made the same nine in 37 yesterday, when his eighteen-hole total was 76.

Bobby got down in the regulation four on the seventh, but was short on his mangle approach, and first putt. On the 23rd-yard eighth Jones was hole high, off the green, but his chip helped to take the roll of the green, making the turn in 39, two over par.

He made the same nine in 37 yesterday, when his eighteen-hole total was 76.

Following is a partial list of the official thirty-six-hole scores today, including eighteen-hole totals yesterday and eighteen to-day:

Joe Sylvester, St. Albans, N.Y., 79-85.  
Fred Baroni, Grafton, Pa., 80-72-152.  
A. Compston, Britain, 79-74-153.  
C. A. Whitcombe, Britain, 84-80-164.  
Charles Evans Jr., Chicago, 88-78-166.  
George Gadd, Britain, 79-83-162.  
Mike Brady, Mamoroneck, 78-87-165.  
Jimmy Johnston, Minneapolis, 73-74-147.

Jim Davies Going  
East For Big Races

Vancouver, June 15.—Wearing the colors of the Vancouver Bicycle Club, J. A. Davies, popularly known as "Jim", to track and field sport followers both on the mainland and Vancouver Island, will compete in the Dominion cycling championships, scheduled for Bradford, July 2. "Jim" leaves Vancouver to-night.

At Bradford he will be pitted against the foremost riders of the East. Should Davies be successful in his quest for Dominion honors, he intends moving on to Toronto and then to Newark, where he will meet the world's best in competition.

## TEAM DROPS OUT

Vancouver, June 15.—Roy Goodall, manager of the Young Conservatives, has notified Secretary Stan Smith of the Amateur Baseball League that his team has decided to drop out of the league. It is altogether likely that the playing record of the Young Conservatives will remain on the league slate. In view of the fact that not a single team in the city loop has been beaten by them no team will be adversely affected.

## IN RUNNING

ARCHIE COMPTON

After shooting a 79 yesterday in the wretched weather conditions at Oakmont in the U.S. open golf championship, Compston came through with a splendid 74 today, which gave him a total of 153, six strokes behind the leader, Jimmy Johnston, of Minneapolis, who has 73-74 147. Compston is one of the famous British players and is a six-footer who socks a terrific ball.

Record Number Of  
Foreign Oarsmen  
For Henley Races

Henley-on-Thames, Eng., June 15.—British oarsmen will be opposed in this year's Henley regatta on June 29 by the largest contingent of foreign oarsmen since the World War.

Competitors of other nationalities will provide heavy competition in five of the eight events. Americans will participate in three events. The foreign events are as follows:

Grand Challenge Cup—Delftsche Studenten Roeivereniging (Laga), Delft, Holland; Leidsche Studenten Roeivereniging (Njord), Leiden, Holland; Union Boat Club, Boston.

Thomas Challenge Cup—Kent School Boat Club, U.S.A.; Trinity College Boat Club, Dublin.

Wyfold Challenge Cup—Trinity College Boat Club, Dublin.

Silver Goblets—W. Seihenthaler and A. Reinhard, Lucerne Rowing Club (Reuss), Switzerland.

Diamond Sculls—K. A. Fruin, Leidsche Studenten Roeivereniging (Njord), Leiden, Holland; Joseph Wright, Argonaut Rowing Club, Toronto, Ont.

LEADERS IN MAJOR  
LEAGUE BASEBALL

Major league leaders, including games of June 14:

**NATIONAL LEAGUE**

R. Dickinson won the pool. The next sweepstake will be from Cable Rock on Saturday, an air line of 150 miles.

Cubs Set Stage For  
Drama By Continuing  
To Club Way To Top

Score Fourth Straight Win  
Over Giants; Now One Game  
Behind Pirates

Cubs Have Won Their Last  
Ten Starts; Rain Halts Most  
of Games Yesterday

New York, June 15.—The top of the National League to-day was a stage set for drama as the climbing Chicago Cubs ascended to within a single game of the league-leading Pittsburgh Pirates.

In games won, the Cubs tied the Pirates with thirty-two by beating the New York Giants yesterday 4-3. The last ten of those victories have been won without a single loss, and the last four at the expense of the Giants for a clean sweep of the series. Since the Cubs have played two more games than the Pirates and lost two more, they are still a few points behind them.

Bick's single in the eleventh, driving home Beck with the deciding run, won for Chicago. The Giants protested vigorously that Bick's blow was a foul along the first base line, and Hornsby had an argument with Umpire McCormick and Klem in front of the surged upon the field, but the protest New York dugout. A mob of fans then was not allowed. Beck started the final inning by getting a free pass, and then went to third on Adams' base hit.

Hack Wilson of Chicago hit his thirteenth homer of the season with Webb on in the sixth.

**MAKES CLEAN SWEEP**

Western teams made a clean sweep yesterday. There were only three games as rain halted the other and all other American League games as well. In addition to the Chicago team the winners were the St. Louis Cardinals and Cincinnati Reds.

The world champions Cardinals, in third place, continued to stay very much in the running for the pennant by sweeping clean a four-game series with Philadelphia. The fourth victory was won 6-4. Alexander relieved Flint Rhem in the sixth after he had allowed three singles and forced in a run with a walk. Cy Williams hit his eleventh homer of the season.

Four-hit pitching by Jackie May helped the last place Reds to a one-to-nothing decision over the Boston Braves.

**RUTH LOSES A DAY**

The day's layout for the Yankees incidentally deprived Babe Ruth of the chance to hit any homers and put him behind his record for 1927.

On June 14, 1927, he hit No. 22 and No. 23. He now has 21. In number of games played, however, Babe is still ahead of his record.

**NATIONAL LEAGUE**

New York ..... 3 9 0  
Chicago ..... 4 8 3  
Batteries—Benton, Clarkson and Taylor; Brillhart, Osborne and Hartnett.

**AMERICAN LEAGUE**

St. Louis ..... 6 1 0  
Cincinnati ..... 0 4 1  
Batteries—Wertz and Hogan; J. May and Hargrave.

**INTERNATIONAL LEAGUE**

All games postponed; rain.

**COAST LEAGUE**

Sacramento, June 15.—Portland opened its series against Sacramento today by drubbing the Senators, 10-1, in free hitting game as far as the Beavers were concerned. Paul Strand poled out homers in his first two trips to the plate and Clell poled a circuit clout, the three hits accounting for nine runs.

**AMERICAN LEAGUE**

Batting—E. Miller, Browns, .404.  
Runs—Ruth, Yankees, 58.  
Hits—Gehrig, Yankees, 81.  
Doubles—Burns, Indians, 22.  
Triples—Manush, Tigers, 8.  
Home runs—Ruth, Yankees, 21.  
Stolen bases—Goslin, Senators, 10.  
Pitching—Lyons, White Sox, won 11; lost 2.

**PIGEON RACING**

The Victoria and District Racing Pigeon Club held a sweepstake from Olympia, Wash., over the week-end, sixty-three birds competing from twelve lots. The results and time of arrivals were:

DEMPSEY MATCHED WITH SHARKEY  
FOR BOUT JULY 21 AT NEW YORK

New York, June 15.—Jack Dempsey's drive to win back the title he lost is to begin July 21, in a battle with Jack Sharkey, at the Yankee Stadium here. Tex Rickard has spoken. When he and Sharkey together attended a boxing show at the Brooklyn Navy Yard last night he broke the news.

Sharkey is sure he can lick Dempsey, or Tunney himself for that matter. The winner of the fray is to have the coveted chance to meet the champion for the title.

Rickard added the information that Dempsey would come east at once and take over his old training quarters at Saratoga, N.Y.

Dempsey is one of the youngest ex-champion ever to attempt a comeback. He will be thirty-two June 24. His opponent, Sharkey, is twenty-five.

A gate of a million is the goal of Tex Rickard, the principals to receive twenty-five per cent. each.

JACK DEMPSEY

Many Golfers Here  
Trying Out Course  
For P.N.W. Tourney

American Professionals Busy  
at Colwood Yesterday; Others  
Arriving To-day

Fine Field Will Start in First  
Round Thursday; Amateurs  
Also to Play

Many outside pros were active at the Colwood Golf Club yesterday swinging their clubs and getting used to the course over which the Pacific Northwest open golf championship will be fought out on Friday and Saturday of this week.

The advance guard reached town on Sunday and each boat since has brought many additional players. To-day and tomorrow will see more than a hundred arriving, while Alex Marling, the Colwood pro, who is boosting the show, says he will welcome any man who arrives before the stroke of midnight on Thursday.

Most of the visitors yesterday did not set about to conquer old man par, but content to see how their shots came off on the various holes. Among those who were in the clubhouse at Colwood, the present champion; Mel Smith and Longstaff, also of Portland; Smith Dutra, of Tacoma; Smith, of Yakima; Bertie Wilde, of Bellingham; Walter Pursey, and Jefferson, of Seattle; Charlie Perkins, of Vancouver; Fred Burnes, Walter Gravin and Alex Marling, of Victoria.

**OFFICIALS IN TO-DAY**

Bob Johnston, president of the P.N.W. Pro Golf Association, and Fred Johnston, secretary, both of Seattle, arrived to-day. Dave Ayton and Jimmy Huih, of Vancouver, will also be on hand to-day.

Thick Fraser, of Los Angeles, is on his way. Among the outstanding amateurs who will compete in the open event are Dr. O. F. Willing, of Portland, and Mead, of Seattle, both of whom are playing splendid golf and has a round every day at Colwood. He is a hot favorite for the amateur event.

W. B. Shaw, of Los Angeles, is another amateur who will try out in the open. He has been here for some days and is playing a fine game.

All players have expressed themselves in the highest terms of the contest of the Colwood course, saying it is the finest they have ever played on. No bad lies on the fairways and greens as fast as lightning are thrilling the players.

While the open event will attract a very flashy and large field, four familiar faces in this event will be missed. Phil Taylor, pro of the Victoria Golf Club, and Dave Black, pro at the Shaughnessy Golf Club, Vancouver, are both on their way to Toronto to play for Canada against the British Ryder Cup team. Neil Christian, of Seattle, and Jones, of Portland, gained the qualifying honors in the recent tournament for the United States open golf championship and are now at Oakmont testing their skill. This quartette of stars will be missed in the P.N.W. here.

After the open event has been decided at Colwood the amateurs and the women will be able to get set for their championships. The thirty-six-hole qualifying round of the amateur event will be staged on Monday and the thirty-two low scores will qualify. The final will be played on Saturday.

The eighteen-hole qualifying round of the women's championship will be played on Tuesday and the sixteen low scores will qualify.

The Class "B" men's championship will be started at the Victoria Golf Club on Monday next, and the first and second rounds played there, after which the matches will shift to Colwood to finish.

Capt. J. V. Peck, secretary of the Victoria Golf Club, announced this morning that playing privileges would be extended to all players who enter

## Softball

Playing good ball behind the steady pitching of "Doc" Poyntz, the Hillcrest softball team defeated the Y.M.C.A. 12-3, at the Work Point Baracks last night to win the first half of the "A" schedule. This is the second defeat the Hillcrest have handed the "Y" in the past two weeks.

The winners scored two runs in the first inning, five in the third, three in the fourth and two in the eighth to clinch the game. The "Y" scored one run in the fourth and in the ninth they staged a strategic rally, but were only able to send four runners across the plate.

The teams were as follows: Hillcrest—Pasmore, Mulcahy, Butler, Fayntz, Wills, Potts, Dave, Palmer and Wachter.

Y.M.C.A.—Nobbs, Moore, Clarke, Barry, Brindley, Barnwell, Champion, Shadbolt and Nachtrieb.

## ENGLISH CRICKET

London, June 15 (Canadian Press Cable).—Cricket matches between English County and other first-class games which begin to-day are:

Surrey vs. Warwickshire at the Oval, Gloucester vs. Essex at Bristol, Hampshire vs. Nottingham at Portsmouth, Worcester vs. Northampton at Worcester.

Yorkshire vs. Somerset at Bradford, Sussex vs. Cambridge at Brighton, Leicestershire vs. New Zealand at Leicester.

A wonderful innings of 200, not out, by Mead for Hampshire, was not enough to prevent his county being badly beaten by Essex, by an innings and twenty-six runs. Essex's complete victory was due to their only appearance at bat. Hampshire fell in their second innings, making only 177.

Mead began his efforts when Hampshire had lost four wickets for less than 100 runs after following on. With Parker, who scored fifty-two, Mead gave one of the finest displays of a great cricketer, his innings of 200, not out, being a masterpiece of batting.

Northants, 237 and 260; New Zealand, 251 and 165.

Cambridge 267 and 285 for five wickets; Gloucestershire, 286 and 224 for four wickets; match drawn.

## HORSE RACING

East St. Louis, Ill., June 15.—Tommy Root, a young jockey, rode four horses in the third race at the Fairmount track near here yesterday afternoon. Root was on Louisville in the third race, Villager in the fourth, Anaconda in the fifth and Arragosa in the seventh.

Root was the fifth straight for Louisville, who is owned by W. M. Cain, who also owns Arragosa.

Jockey W. Hale suffered a spine injury and was taken to a hospital when his horse, Trevis, stumbled and fell in the first race.

Omaha, Neb., June 15.—Pete Casey, center fielder for the Tulsa Western League team was perhaps fatally injured in the third inning of to-day's Tulsa-Omaha game when he was hit in the head by a ball pitched by J. McCraw. Casey was taken to a hospital with a fractured skull.

**TO PLAY IN VANCOUVER**

Vancouver, June 15.—Bishop Ridley College cricket team of St. Catharines, Ont., will play in Vancouver July 19 and 20, according to word received by the secretary of the Mainland Cricket League, H. H. Radcliffe.

The Class "B" championship on Friday Saturday and Sunday. All golfers with handicaps over nine can compete in the Class "B" event.

Far Easier To Save  
Strokes Than Regain  
Ones That Are Lost

Bobby Jones Tells How Years  
of Tournament Play Have  
Chastened Him

No Longer Fancies Himself  
Miracle Worker; Reckless  
Play Does Not Pay

By BOBBY JONES

Starting the third round in the Southern Open Tournament this year, I hooked my initial tee shot to a difficult position behind some trees at the edge of the lake. My ball being placed so that I had a reasonably large opening through which to play to the green, I hesitated some while, wondering if I should take the risk. In an informal match only a few days previous I had reached the green through the trees from almost the same spot, but with some reluctance I turned my back on the flag and chipped to a safe place in the fairway. From there I was able to play comfortably to the green for a five-shot as against a four, it is true, but better, both for my score and for my mental composure, than a seven or eight.

**NO MIRACLE WORKER**

In my earlier days in competitive golf, when I was foolish enough to regard golf as a simple pastime, I should have scored even to consider that unambitious chip to safety. But several years of tournament play will chasten the adventurous spirit of any young golfer, who fancies himself as a miracle worker, even as they have chastened mine, and will teach him that strokes are far easier to save than to get back after they are once lost.

Only last year in the United States Open championship I made the mistake of attempting a too daring shot from a nasty place. After a very loosely played round, by dint of some good putting and plenty of luck, I reached the eighteenth tee with a four left for a seventy-six, which I figured, with my seventy of the day before, would be just good enough to keep me in the running.

So when my drive was sliced weakly to the long rough, I could not but abandon hope for the four. By using a strong iron from the rough I expected to carry a bunker on the right of the fairway, which done, my ball would roll up near the green, leaving a chip and putt for the four.

So I took the gamble. My first iron shot traveled no more than five yards and lay still in the long grass. Now, I had to go for it. The next one went across the fairway into the rough on that side. In the end the hole cost me a terrible seven, where a conservative mangle-mangle pitch to the fairway would have netted an easy five. Two strokes lost in an effort to save one!

**ALMOST ELIMINATED**

Back in 1921, at Washington, I came very close to eliminating myself from the tournament on the very first hole of the qualifying round. That day, the Golf Association tried out the abominable eighteen hole qualification plan, when one bad hole meant almost certain destruction.

I was round with a weird hook off the first tee, the ball disappearing into a veritable jungle on the left. I found it lying on a bare spot about the size of a foot behind the hole. That was the only obstruction between my ball and the green, 175 yards away. Being young and very foolish, I decided I would reach the green without a great deal of trouble. But as I came down on the ball I thought of the log. Involuntarily I flinched, half-topped the shot, and the ball striking the log, bounced back over my head into the depths of the wood. As I stood aghast, listening to the ball in its mad career, through the trees, I could see my chances of qualifying go up in smoke.

Indeed, it was only good fortune that saved me. I played my next shot as carefully as possible, but even so, I was very lucky to get out for a six, and subsequently qualified with only one to spare.

**THE HARDEST LESSON**

I am quite sure that the hardest lesson I have had to learn in golf, and even now I forget it too often, is the importance of saving strokes, especially in medal competition. One is too prone, I think, when things are going smoothly, to ease up in one's concentration, and take too lightly the task to perform without Harry Vardon was credited with saying that he always played for the centre of the green.

Of course, that could not be literally true, for at times there is no for the flag. It is only when the hole is in a dangerous position close to the edge of the green that extreme caution is advisable, and then it should be remembered that par is nearly always good enough to win.

**BEWARE OF TAKING CHANCES**

Even in match play I have found it a good practice to be wary of taking chances. I remember particularly the fourth at Oakmont as one hole in which I was almost enough courage to try for a two, although the green could be reached with an iron after a long drive. The front of the green was very narrow and guarded by severe bunkers. I invariably played short, relying on a run-up, and one putt to secure a four. I think the only time those tactics lost the hole for me was against Wats Gunn in the final. Wats failed to see anything terrifying about those bunkers. His iron second was a beauty, bringing up six feet from the hole, and he holed the putt for an eagle three.

**RECKLESS PLAY LOSES**

But in the long run reckless play does not win. The first thing to remember in golf is that some shots must go astray. They all can't be perfect. And the man who wins is the one who is able to give himself the greater margin for error. In other words, if the shot is aimed for the centre of the green, it will need a greater mistake to throw it off than

## WILL PLAY HERE

DR. O. F. WILLING

This internationally known golfer from Portland, Ore., is here to play in the open and amateur events of the Pacific Northwest Golf Association. He will tee off on Friday in the open event and on Monday in the amateur. He is a splendid player and will be well up with the leaders. Willing was a member of the American Walker Cup team several years ago and on the match in England his last putt saved his team from defeat.

In the third of the exhibition games played last night at the Royal Athletic Park, between picked teams from the Wednesday and Saturday leagues, the latter won by 4-1.

A keenly contested game was seen with the mid-weekers putting up a good fight. They had an even share of the play but failed to take advantage of their chances to score.

The winners took the lead on John Watt's goal twenty minutes after the Glancy's shot. The Wednesday team pulled themselves together and combined nicely to score their first goal, Stan Johnston scoring the winner.

In the second half Glancy, playing centre-forward, scored two fine goals to give his team a more decisive victory.

MacMillan refereed and the teams were as follows: Saturday League—Briggs, Watt and Campbell; Homer, Spier and Peden; Cameron, John Watt, Warren and Wagland.

Wednesday League—Shimpton; Tupman and Alex. Whyte; Robinson, McKinnon and Stewart; Taylor, Speak, Wright, Borde and Cosler.

A large contingent of Victoria soccer fans will journey up to Nanaimo today afternoon for the Scottish football eleven in action against the crack up-island team. It is expected the Scotsmen will find the attack with the team in Canada when they tackle the Coal Miners.

Two special tours to Nanaimo have been arranged to accommodate the team. The Grand Line will send one of their large parlor cars from the Dominion Hotel at 1:30 o'clock, and following the game in Nanaimo this bus will leave for Victoria at 6 o'clock.

The Army and Navy Veterans have also arranged to have special buses run to the up-island game.

The game in Nanaimo will start at 6 o'clock.

Vancouver, June 15.—Ladysmith defeated St. Salvator's 2-0 here yesterday afternoon, thereby winning the McDonald Cup.

Winnipeg, June 15.—Arrangements were made here yesterday for an exhibition soccer game between the celebrated Hakoahs, a team of Jewish football stars, and the touring Scottish team, which will arrive in Winnipeg

# SNARED

A Story of One Wonderful Week  
By MALCOLM DUART  
Copyright 1927

"Why is he afraid to go home?" she asked.

Same reason that I'm here on your grandma's place," he said. "Same reason that you're here, and I'm here. We're all of us keeping out of sight."

"Don't you trust me at all?" She made a wistful mouth and opened her eyes wide as she looked into his.

"Nope," said he, cheerily. "Now suppose you trot along inside and get us something to eat."

She obeyed, putting Bodey under the hayshed, glancing now and then toward the house to make sure that the girl was properly employed. A wisp of smoke coming from the chimney gave notice that she had started the kitchen fire, and he nodded approvingly.

Nadine came out with the bucket, and Bodey helped her to fill it from the open well. She had taken off her overalls, and he noted that most of the mudstains were gone from the front of her dress.

Fifteen minutes later she appeared again, and stood uncertainly, her finger to her lips.

"Now what?" he asked.

"I'm wondering," she said. "I want to speak to Charley a minute ago, and he didn't answer. Then I knocked on his door. There wasn't a sound. Mr. Bodey! Do you suppose something's happened to him?"

He dropped the hatchet with which he was hammering at a board, and set off at a round trot to the house. Nadine followed close behind him.

At Pierce's door, Bodey listened. Then he administered a thundering knock to the upper panel. There was no response.

"Hum!" he said, reaching for the key.

He turned the lock cautiously, and opened the door a crack. Eight strong fingers at once gripped the edge of the heavy barrier from within and jerked it wide.

With a shout, Pierce hurled himself through the opening and leaped upon Bodey, his knees against the man's abdomen, and his arms around his neck.

## CHAPTER XI

Nadine screamed as Bodey staggered and fell backward to the floor, with Pierce on top of him.

Immediately she screamed again, for with the same motion Bodey's feet lifted, described a semi-circle over Pierce's body and landed toes down upon the floor. The older man was now on top of his young opponent, though still held by the latter's arms.

There was a tremendous heave, a strangled cry from Pierce, and Bodey was kneeling on the other's chest, gripping his wrists against the man's necked and writhed, but the man held him to the floor.

"Help me, Nadine! Pull him off!" The girl started forward at Pierce's appeal, and then drew back.

"Grab his hair! Yank him off of me!" cried the young man, frantically.

"Stay where you are, Miss Rollins," commanded the man, drawing the youth's forearms crosswise, and pressing them down at his throat.

At this juncture Smith appeared in the front doorway. "Punch him in the nose for me," he suggested to Bodey.

"Get me a bit of rope," the man directed. "There's some in the kitchen."

Smith departed on the errand without haste, and after a time returned with a small portion of clothesline. While Pierce glared and threatened, Bodey expertly attached a loop to one of his captive's wrists, turned his antagonist over on his face, hitched the two hands together, cut the loose end of the line with a pocketknife

and proceeded to bind the young man's ankles.

"There," he said, rising from his knees, when the task was done. "You can sit up now, Mr. Pierce."

The youth turned over, and struggled to a sitting posture. His face was scarlet, and the veins stood out in his forehead.

"You're a quitter," he said to Nadine. "Why didn't you give me a hand?"

"I was afraid," she said. "If I had done anything, he might have hurt you."

"But I'd have liked him if you'd helped me," he shouted, wrathfully.

Bodey smiled, and started back through the sleeping room. "Better look after the dinner, Miss Rollins," he advised.

The girl stopped long enough to say: "Please don't be mad at me, Charley. He could have beaten both of us," before she followed the man back to the kitchen.

The two frying pans were smoking on the stove, but she had not yet put on the ham to cook. Four slices lay ready out on a plate, and she placed them in the pan. They sizzled loudly, and a fresh burst of vapor arose.

Bodey touched the kitchen knife. "If I go ahead working, will you cut Pierce's ropes?" he asked.

She shook her head.

"All right then—I'll bring him in. You'll enjoy having company."

He returned to the front hall. Pierce had wriggled his way to the wall, and now was sitting with his back braced against it, nodding staring out of doors.

"Miss Rollins would like to have you in the kitchen, I think," he said.

The youth frowned. "I can't walk," he retorted.

"Never mind that. We've got to get out of here. Cut 'em—we can go out the front way."

"Mr. Bodey asked me if I'd cut them, and I said 'no,' she told him. 'I'd like to, Charley, but I promised.'"

He swore under his breath. "That's a fine way to act!" he said. "Here I'm all trussed up on account of you, and you won't help me get away!"

She turned one hand on her hip. "Charley, we can't do it. He's too smart for us. And he's so strong. He carried you in here as if you were a baby. I hope we can get away, but I wouldn't dare break a promise I'd made him. Not again."

"What promise did you break?" He partly arose and shoved the chair aside, so the back would not interfere with his hands.

"I told him I wouldn't leave the kitchen. That was this morning. Then you came and I ran out in front, and you know what happened after that. It's a wonder he didn't tie me up, too."

She transferred the meat from one pan into the other, put a lid on top of it, and began breaking eggs into a dish.

"Why didn't you help me when we were fighting?" he asked, the cloud returning to his face.

"I told you once—I was afraid. Charley, I've seen him thrash five boys all at the same time—big boys, three of them bigger and stronger than you are. And he did it so easily it was almost funny!"

"Did he do that here?" he inquired, with lively interest.

"No. It was back home, where I lived before we moved to Joliet. He was teaching in the high school, and—"

(To be continued.)

## BEDTIME STORY

### Uncle Wiggily's Rush Lights

Copyright, 1927, by McClure Newspaper Syndicate  
By HOWARD R. GARIS

They made candles or rush lights.

One night in the hollow stump bungalow, when Uncle Wiggily was reading the bedtime story for Baby Bunty and the other little rabbit children were studying their lessons, all of a sudden the lights went out. No one knew where they had gone, for everything was dark and there was no way of telling. But Mrs. Longears cried: "Well, I like that!"

"I can't say I do!" chuckled her husband. "It was so sudden!"

"I guess your wife was speaking sarcastically," whispered Nurse Jane Puzey Wuzey, which was the truth. "I won't have to go to school tomorrow if I can't study my jeegogafy lesson!" said Tooter.

"And I can't do my fifthmarick, either," said Jingle.

"Daddy will soon make the lights come back," spoke the lady rabbit.

"I don't know whether I can or not," said Mr. Longears, doubtfully. "Maybe a fuse has blown out or maybe the power is off."

First the rabbit gentleman groped his way down cellar to look at the fuses as well as he could by one match he found. And when the fuses seemed to be intact, which means not burned out, he said:

"There must be trouble at the power house. I'll hop down to the brook and take a look."

In Woodland where the rabbits lived,

some electric eels had lately been put in the brook to make the current for lighting the bungalows and hollow stump homes. But when Mr. Longears made his way to the water's edge by the light of the moon not an eel was to be found.

"No wonder our lights went out when the electric eels all quit work!" cried the rabbit gentleman. "What's the idea?"

"They have all gone to a party!" croaked Bully Nottal, the frog boy. "We haven't any lights in our lilypond house, except a few lightning bugs that we saved after we put in electricity."

"I wish I had done that," murmured Mr. Longears, scratching his pink nose as he tried to think how he could get lights in his bungalow so the little bunnies could study and he could finish the bedtime story. "I'll go see if I can find a few fireflies."

But when so many of the animal creatures in Woodland hired the electric eels to light their homes, the fireflies all flew away to a more old-fashioned town, so none could now be found to show their lights in the rabbit's bungalow.

All was still in darkness as Uncle Wiggily prepared to hop back home, and it made him sad to think how disappointed every one would be that he couldn't get the electricity turned

on. But the electric eels were still at the party and there was no telling when they would swim back to make a current.

"Dear me!" murmured Mr. Longears. "In some ways the old times were best. When we had candles they never went away to a party, and when we changed to lightning bugs they were always there when we wanted them. But with the new fashioned electric eels we'll never know when we are going to have a light."

"Do you like old-fashioned things?" asked a quavering voice down in the grass near the brook.

"I'd like a few old-fashioned candles," said the rabbit.

"Well, I haven't any candles," went on the voice, "but I can tell you how to make rush lights which were used before candles were invented. How about that?"

"I have heard my grandmother tell about rush lights," Mrs. Hop said the bunny, for it was the old toad lady who had spoken. "But I don't know how to make them."

"You just gather some dried rushes from the brook," said Mrs. Hop. She pointed to them in the moonlight. Rushes were like long stems of grass. "Dip the rushes in some melted tallow," she went on, "and when they become hard they will be like the wick of a candle."

So Uncle Wiggily gathered a paw full of the rushes and, going back to his bungalow, he had Nurse Jane melt some tallow on the stove. Then when the rushes were dipped in the melted grease and allowed to cool, they made little candles, or rush lights. And by the glow of the rush lights Mr. Longears finished reading the bedtime story, the little bunnies studied their books and when it was time to go to bed the electric eels had started work again and the regular lights came on.

So this teaches us what old-fashioned rush lights were like, and if the rag doll doesn't try to walk up stairs backward when the radio calls the phonograph to breakfast, I'll tell you next about Uncle Wiggily's surprise.

## EMDYK TO DOCK HERE WEEK LATE

Holland-American Vessel is Delayed; Radnorshire Replaced by Westerdijk

The Holland-American liner Emdyk, inbound from Europe for this port via the Panama Canal, will arrive nearly a week behind her schedule, according to word received to-day by A. F. Moffat, local agent. She will dock here about June 22, it is judged, and has considerable cargo for discharge here.

Following the Emdyk closely, the refrigerated ship Narva, operated by the Royal Mail Steam Packet Company in the joint service with the Holland-America, will arrive about July 1, Mr. Moffat is advised. The Radnorshire, which is booked to arrive July 5 from the United Kingdom, has been replaced in the schedule by the Westerdijk, which will arrive upon that date. The Westerdijk will load cargo here for Hamburg.

## Cable Service is Doubled; Restorer Lays Final Link

Vancouver, June 15.—Doubling the cable capacity for messages across Canada and to distant dominions of the British Empire, particularly Australia and New Zealand, the Canadian Pacific Railway turned over at midnight last night the second complete wire over Canada to the Pacific Cable Board. That action is coincident with the completion of the second cable line, the last link of which was completed last night when the cableship Restorer arrived at this port from Departure Bay, Vancouver Island. The Restorer was leased by the C.P.R. Telegraphs to complete the work. The Pacific Cable Board is representative of the British, Canadian, New Zealand and Australian Governments.

## SPOKEN BY WIRELESS

June 14, 8 p.m.—Shipping: CANADIAN FARMER, San Francisco for Victoria, 250 miles from Victoria. ## SALE OF ALL U.S. GOVERNMENT SHIPS ON COAST DECIDED

Largest Shipping Deal in History of United States Is Now Pending; Shipping Board Decides to Put Vessels of American-Australian-Oregon, Oregon Oriental and American-Oriental Mail Lines on Block; Small Sum Lost by Operation Under Government

Washington, June 15.—Sale of all government owned ships operated out of Pacific Coast ports was definitely decided upon by the United States Shipping Board yesterday.

The board was unanimous in the decision to put this mighty fleet on the block, but is sharply divided on the terms of the proposed sale, and such guarantees as may be demanded from the purchasers.

For this reason it is believed that it will be at least two weeks before the difference can be ironed out and the specifications for sale advertised. However, the former counsel was instructed to begin preparation of specifications to be considered at a meeting of the board a week from yesterday.

The prospective sale, if negotiated, will be about the largest shipping transaction in American history. There are 375,000 gross tons of modern ships in the fleet of forty-one freighters to be placed on the block. With their sale the United States will be completely out of the shipping business on the Pacific Coast.

The lines involved are the American-Australian-Oregon, the Oregon Oriental and the American-Oriental Mail. The lines are operating out of Los Angeles, San Francisco, Portland and Seattle. Under the government operation they are losing a comparatively small sum and the shipping board believes they may be profitably operated by private owners.

The big point of difference among members of the board is on the question of whether the purchaser will be required to guarantee service with the ships or replace them with a period of five or ten years. There are, however, other differences of greatest importance to the Coast ports. One of these is whether the lines may be consolidated and terminals transferred.

The question of the price to be demanded has not been discussed extensively. The ships, however, cost a minimum of \$1,000,000 each, and no member of the board has any idea that private operators will offer anything less so much, in spite of the fact that the ships now are operating on well-established trade routes and give every promise of making substantial earnings within the next few years.

The shipping board declines to say whether tentative offers have as yet been made, but it is understood that a powerful group of San Francisco bankers has taken the organization of a company to take over the lines and have submitted an informal proposal which is responsible for the decision to sell.

## VESSEL MOVEMENTS

Philadelphia, June 13.—Arrived, K. I. Luckenbach, Seattle.  
Napier, June 13.—Arrived, West Nivaria, San Francisco.

## Storviken Here To-day to Load Cargo of Lumber

Putting into berth at Ogden Point docks at 8 o'clock this morning, the Norwegian freighter Storviken arrived here to-day to load nearly 400,000 feet of lumber for the Atlantic Coast. The Storviken has been loading at Vancouver and Nanaimo during the last week and is completing her cargo here.

## NEW FURNISH SHIPS NEARING COMPLETION

First Unit of Fleet Will Probably be Here in September; Spacious Vessels

Seattle, June 15.—Definite advice that one or more units of the fleet of six motorships now building on the Clyde for the Furness Line Pacific Coast-United Kingdom service will be ready in time to arrive here in September have been received by Burchard & Piskens, agents for the line here. Names given the half-dozen take the prefix "Furness," according to the same communication, and the following have been selected: Pacific President, Grove, Pioneer, Exporter, Reliance and Enterprise. The vessels are all of 10,000 tons dead weight and will have a cruising speed of fourteen knots.

## REFRIGERATOR SPACE

The six vessels now building have reached different stages of construction, but the builders will turn them over to the line, after the first delivery in September, in intervals that will not interfere with the regular trade sailings that will be inaugurated this fall. All will have refrigerator space, and each can carry 30,000 boxes of apples or other perishables of similar bulk. Passenger accommodations also will be furnished on the new ships similar to the vessels now operating in the service. For short time after the new tonnage is taken over, fourteen vessels will be operated, but later two of the present carriers will be withdrawn, leaving a regular fleet of twelve. The company is expecting gradually to motorships, but three out of the dozen being steamships.

Inbound from the United Kingdom the Furness Pacific vessel London Importer will arrive at Victoria on Friday, according to advices received by King Brothers, local agents.

## THREATENED MUTINY SUBSIDES ON VESSEL AT VANCOUVER DOCK

Vancouver, June 15.—A threatened mutiny on board the S. Point Judith, berthed at Lapidary wharf, was quelled by Capt. Walter Hansen to the police Tuesday afternoon. The row, started by a drunken officer, was quelled. Hansen stated he expected no further trouble when he got to sea during the night.

At 4 p.m. he said, one of the oilery crew, who under the influence of liquor, approached him demanding more money. Upon his refusal several other members of the crew adopted a hostile attitude also. The trouble, however, subsided by the time police arrived on the scene.

Clearing at 9 p.m., the Point Judith of the Gulf Pacific Line, sailed for New Orleans via New River, where she will load a cargo of newprint.

## CUT THROUGH DECK TO RESCUE WOMEN

Twelve Men Hack at Eight-inch Planks to Save Women on Burning Vessel

Ms. Donna Lane Catches Fire While Taking Oil; Children Dragged Through Ports

Seattle, June 15.—Trapped by flames as they leapt aboard the cannery motorship Donna Lane, three children and two women narrowly escaped death yesterday when an explosion set the ship ablaze, endangering the lives of the half-hundred persons aboard her, and threatening to destroy the oil ship, from which the Donna Lane was loading fuel, alongside the Standard Oil docks at Point Wells, twenty miles north of Seattle. The two women, a boy, and two firemen were seriously burned, while practically every member of the crew of the fireboat Snoqualmie, which answered the burning ship's call, were suffering from inhalant gas fumes and smoke.

The three children who were trapped by flames, passed through the harbor's cannery crew. The two women were unable to crawl through the small porches and were trapped in the burning ship. The women, working in relays, were able to cut an opening through the eight-inch deck. The names of the women are: Anna Haugland and Esther Asdrick, both of Seattle. They were members of the saltery crew.

## Tunnel For P.G.E. Connection is Now Vancouver Proposal

Vancouver, June 15.—After six weeks' tie-up, during which the Harbor Commission's contractor was shut out by a barbed wire fence from the terminal railway right-of-way across the B.C. Mills Timber and Trading Company property at Moodyville, a settlement of the dispute between the commission and E. W. Hamber of the B.C. Mills was reached Tuesday. The fence will be removed and construction of the grade resumed through Moodyville, it was announced by E. H. McLeod, Russell, E.C., chairman of the commission.

With this last obstacle removed the commission will now proceed to obtain Ottawa's approval of the proposed 1,500-foot tunnel under Lansdale Avenue to connect the terminal railway with the tracks of the P.G.E. Mr. Russell will take the plans to Ottawa with him when he leaves Wednesday.

## SAILS FOR SEATTLE

After discharging 8,500 sacks of sugar here the Admiral line freighter Admiral, left last night at 8 o'clock for Seattle. She will unload at several Sound Ports.

## EXTRA NIGHT BOAT

Sailing as an extra night boat to accommodate the heavy traffic, the C.P.R. steamship Princess Alice will leave here at 11:45 p.m. for Vancouver. On Monday the Alice will take the Vancouver Board of Trade excursion to Stewart.

## TOYAMA MARU HAS LARGE SILK CARGO

N.Y.K. Vessel Carries Nearly \$6,000,000 Worth of Raw Material From Orient

Bringing 6,500 bales of silk in addition to heavy general cargo shipments, the inbound Nippon Yusen Kaisha freighter Toyama Maru, Capt. T. Yamamoto, arrived here at 5 o'clock yesterday from the Orient. The silk cargo brought by the Toyama was valued at about \$6,000,000. The Toyama arrived in Seattle early this morning and the silk shipment was transferred and is now being rushed across the continent to New York by fast express.

For this port the Toyama had nearly 300 tons of cargo, including sixty-seven bales of silk. One passenger, Ishiro Tanabe, disembarked here and left on the midnight boat for Vancouver. The outbound N.Y.K. liner Yokohama Maru preceded the Toyama into port by about an hour, sailing shortly before 8 o'clock for the Orient. She picked up eight passengers and mail here.

## Lumber Traffic to Australia is Heavy

Seattle, June 15.—The Canadian American Shipping Company yesterday chartered its tenth vessel since it opened for business here April 11, the French steamship Lena L. D., which is to arrive on Puget Sound in August to load for England.

Four W. L. Comyn vessels are to lift more than sixteen million feet of lumber in the next thirty days from Puget Sound and British Columbia for Australia. The only one to load from British Columbia ports, the Swedish motorship Falsterbo, is due July 12. The Norwegian motorship Nordval arrives on Puget Sound tomorrow, the Danish motorship Stensby July 5 and the Norwegian Ma Nyhaug July 6.

## SUMMER TRAIN SERVICE

The Canadian Pacific Railway announces that the "Transcanda Limited" between Montreal, Toronto and Vancouver has resumed service, leaving Vancouver 6:30 p.m. daily, carrying exclusively standard sleeping cars and compartment observation car. The "Imperial" (Vancouver-Montreal) will leave at 9 p.m. daily. The "Toronto Express" (Vancouver-Toronto) will leave at 9 a.m. daily. "Coast-Kootenay Express" (Vancouver-Nelson) will leave at 6:50 p.m. daily. "Fraser Valley Local" (Vancouver-Ruby Creek) will leave at 5 p.m. daily. "Vancouver-Huntington Local" will leave at 7:30 a.m. daily except Sunday.

Effective June 9, "The Mountaineer" acted through train to Chicago (via Minneapolis and St. Paul) without change, will leave Vancouver at 7:45 p.m. daily.

## Langford

Langford, June 15.—Mrs. Harry Co-

pas of Westvale, Langford Lake, has the sympathy of her friends in her recent sad bereavement.

Mr. and Mrs. H. A. Hincks have returned from spending the week-end at Crofton as the guests of Mr. and Mrs. Charles E. Haycraft.

Mrs. Harry Inuff, who has been spending the past fortnight in Langford, has returned to her home at Kitchikan, Vancouver.

Claude Harvey Hincks spent the week-end visiting Mr. and Mrs. Arthur Kay of Crofton.

All members of the Women's Institute and their friends are invited to a garden party to be held at Govern-

ment House on Thursday afternoon in aid of assisting isolated districts to obtain demonstrations and speakers. An attractive programme has been arranged and includes fancy dancing by pupils of the Art Dancing School and vocal solos. There will be home cooking, candy and work stalls, to which contributions will be welcomed.

A meeting of the ladies of St. Matthew's Guild will be held at the home of Mrs. J. Stuart Yates on Friday afternoon at 2.30.

Another enjoyable tennis tea was held at the Lawn Tennis Club last Saturday afternoon, Mrs. Ernest Le

Quenne and Miss Nellie Willson being the hostesses.

An exciting softball match was played on Sunday morning, when the Cameron Lumber Company's team beat the Wilfred Lumber Company's team by sixteen runs to eleven on the ground behind the Island Highway Garage, Goldstream Road. Last week a very close game was witnessed by Marigold and local fans, when the Wilfred Lumber Company team played one from Marigold, the final score being fourteen runs for the home team, the losers obtaining thirteen runs.

## PLANT BREEDERS GIVEN PRAISE BY SEED GROWERS

Working Committee Presents Report of Important Work

The convention of the Canadian Seed Growers' Association yesterday afternoon expressed high approval of the operations of the Plant Breeders' committee, adopting a report presented by Dr. H. Newton of Edmonton, Alta.

The work of this committee has been financed by special funds provided by the Federal Department of Agriculture. The report was considered of extraordinary importance and copies will be supplied the Minister of Agriculture and all members of Parliament.

The convention unanimously endorsed a resolution of hearty approval of the work of the Plant Breeders' committee, presented by the members of the executive committee.

The report is as follows:

## FOUR YEARS' PROGRESS

It is now four years since the Plant Breeders' committee was formally constituted to advise and assist the C.S.G.A. in technical matters pertaining to the production of registered seed. As yet no formal statement has ever been placed on record by the parent body in regard to its attitude towards the work of this committee. It is felt by the members of the committee that the time is perhaps opportune for the Association to express an opinion as to the practical value of the work of the organized Plant Breeders in relation to the objectives of the Association. In order to permit the members to judge of the matter more adequately, it is perhaps advisable to present here a short sketch of the past activities and future programme of the committee. The committee would then appreciate a formal expression of the opinion of the Association.

The plant breeders connected with our various agricultural institutions had of course been co-operating with the Association for many years before the present committee was formally organized, but progress under such unorganized conditions was naturally somewhat desultory if not haphazard, and decisions made from time to time did not always represent the best judgment in regard to the plant breeding interests of the whole country. A perusal of the published annual reports for the last three years will show that a large part of the committee's time has in fact been devoted to the unravelling of tangles inherited from the earlier period. A situation was of course inevitable and does not constitute any criticism of the administration of the Association.

It is not proposed to describe here in any detail the work of the committee but merely to indicate some of the main points.

Among the first important results of organized committee work on the part of the plant breeders were the reports in regard to the eligibility of varieties for registration and the naming of new varieties. The bases provided in these reports have been found satisfactory, and that in regard to eligibility was reaffirmed at the Oka meeting as a regulation of the Association. There can surely be no question more important, or more fundamental than the foregoing to the welfare and stability of the Association.

## CONTROL OF SEED

Of equal importance is the problem to which the committee next addressed itself, namely, the regulations regarding the origin, origination and production of elite and registered seed stocks. This question has occupied a very large proportion of the committee's attention every year, and in the cereal section has reached the stage at which a sub-committee has been appointed to bring together and codify in readily available form, all results of the committee's deliberations to date. The gradual evolution of suitable regulations with regard to open-fertilized crops, including both field and horticultural varieties, may also be mentioned in this connection.

Another question which has occupied more particularly the attention of the forage crops section is the development of suitable standards of uniformity for open-fertilized crops. This involves extensive experimental work, especially in making and analyzing numerous measurements of large numbers of individual plants, and must obviously require several years to complete. In the case of field crops, the work has progressed sufficiently to make possible the laying down of tentative standards. Other important crops being actively studied include alfalfa, sweet clover, red clover, brome grass, western rye grass, meadow fescue, timothy and corn. It will be clear that information of this sort could not possibly be collected and made available to the association through any other agency than a plant breeders' committee.

In the horticultural section, a list of approved varieties of vegetables eligible for registration has been established and provision has been made for the production of foundation and elite stock seed at the various institutions in Canada. A beginning has also been made in the development of standard descriptions of vegetable varieties, already published in the case of beets and carrots.

Still another problem which is receiving active study by the committee is the integration of standards for registered seed and ordinary seed as laid down in the Seeds Act. While recognizing that it is the prerogative of the Advisory Board to advise the Minister of Agriculture in regard to regulations under the act, we are assured that in the special case of registered seed, which is the unique product of the Canadian Seed Growers' Association, the Minister would be glad to receive recommendations directly from the association. In studying this important question the Plant Breeders' Committee is supplementing the work of the Seed Standards Committee of the Association.

## MANY COMMITTEES

To insure continuous progress on certain important matters throughout the year intervening before the next annual meeting, these have been placed in the hands of various sub-committees with instructions to report to the full committee on that occasion. Among the items which have been dealt with in this way are included the following:

- (1) The gathering together and codifying of all regulations pertaining to the production of elite and registered seed stocks.
- (2) The study of legal requirements for registered seed grades of cereal crops, especially with reference to freedom from seeds of other cultivated crops and other distinguishable varieties.
- (3) The zoning of the Dominion of

"That's the best pipeful I've ever had!"

He's not the sort of man that says everything is "jolly good". It must be really good to win his praise. Ogden's Cut Plug did the trick—he couldn't help saying it beat all the other tobaccos he'd ever tried.

## OGDEN'S CUT PLUG

Save the valuable "Poker Hands"

Canada with reference to the most suitable varieties of cereals, and a study of the list of registrable varieties with regard to possible revision.

(4) An inquiry into the possibility of establishing official testing stations for verifying the purity of varieties.

(5) A comparative study of statistical methods now in use for determining the significance of yield differences in variety tests, with a view to recommending some suitable standard method to the association.

(6) Detailed studies of the morphological and physiological characters of the following open-fertilized crops, and a consideration of standards for their registration: Alfalfa, sweet clover, red clover, brome grass, western rye grass, meadow fescue, timothy, corn and roots. (These crops have been divided for study among three sub-committees which are now entering upon their second year of work.)

The general problem before the committee is the working out of a sound scientific basis for the improvement of Canadian crops, through making more readily available to the practical grower pure seed stocks of approved varieties. To accomplish this end there are two distinct kinds of action incumbent on the committee. The first is a preventive service, in guarding the grower from impure seed or exploitation of useless varieties, whether local productions or importations from abroad. The second is a promotion service, in devising machinery for the encouragement of all contributions of genuine merit, and for assuring the safety and availability of seed stocks.

## ONTARIO

IN variety of climate, natural resources and physical conformation, Ontario is one of the world's choicest regions. Its great fruit garden, the Niagara Peninsula, is in the same latitude as Italy, while, over 1,000 miles due north, its boundary comprises the shores of Hudson Bay. Every agricultural product common to the temperate regions of the earth can be produced successfully within its borders, and in addition, it has resources of minerals, forests, water powers and navigation which have already carried it far in manufacturing progress and which presage an industrial future of illimitable expansion.

**Agriculture** • Of 56,000,000 acres suitable for agriculture, field crops in 1926 covered 10,434,401 acres and produced crops of the value of \$261,264,000. Dairy products have an annual value of around \$95,000,000. About 216,000 acres are covered by orchards, small fruits and market gardens and vineyards with an investment of over \$80,000,000.

**Water Powers** • The water power resources of Ontario are tremendous, and, in the development of Niagara power and others, has set the pace for the world in hydro-electric expansion.

The water powers developed total close to 2,000,000 h.p. and there is an additional 6,800,000 h.p. undeveloped. It is chiefly due to her water powers that Canada has taken first place as a manufacturer and producer of newsprint; the supply of reasonably priced and dependable hydro-electric power is almost as essential as its supply of wood pulp.

**Minerals** • Ontario leads every other State or Province on the Continent in gold production and produces 80% of the world's supply of nickel. It has wonderful silver mines and a variety of other minerals. Of gold alone, this Province is now producing over \$35,000,000 per annum.

The production of the mines of the North also has been greatly stimulated by the use of hydro-electric power, without which they could not have been economically developed.

**Forests** • The area of forest land is estimated at 260,000 square miles and Ontario shares with Quebec the distinction of being one of the world's largest newsprint producers.

**Industry** • There are over 9,400 manufacturing establishments, with invested capital of \$1,800,000,000, an annual production of over \$1,400,000,000 and a pay-roll of around \$300,000,000 annually.

The development of hydro-electric power has hastened the industrial potentialities of Ontario. The Northern Electric Company is contributing to this industrial expansion by supplying much of the electrical equipment necessary.
